HALT THE SALT

Salt, or specifically the sodium in salt, is a major contributor to high blood pressure and heart disease. This is because of how it affects fluid balance in the blood. Table salt is around 40 percent sodium. Some amount of salt is important for health, but it's easy to eat too much.

Salt affects people differently. Some people can consume sodium with no effect on their blood pressure. For others who are "salt sensitive," even a slight increase in sodium intake wreaks havoc on the kidneys' ability to regulate fluid, and increases blood pressure.

HOROSCOPE

MARCH 2 - MARCH 8, 2023

ARIES *(Mar. 21- April 20)*
You may want to sign up for lectures or courses that will bring you mental stimulation. You will be popular with acquaintances; however, loved ones could feel left out and insecure. You will not impress others by being foolishly generous. Travel will be in your best interest.

TAURUS *(Apr. 21- May 21)*
Unexpected bills may set you back. Visit friends or relatives who have been confirmed. Home improvement projects will run smoothly. Join a choir or a drama club. You may be considering moving to larger quarters.

GEMINI *(May 22-June 21)*
You have your own family to consider as well. Go after your professional goals. Trips will be favorable for business as well as pleasure. Your sensitive, affectionate nature will capture the heart of anyone you are attracted to. Your main concern will be to spend as little as possible of your own cash in the process.

CANCER *(June 22-July 22)*
You may want to invest in something that will grow in value. Pleasure trips should be on your agenda. Empty promises will cause upset. Investments are best left alone this week.

LEO *(July 23-Aug 22)*
You may need to lend an ear to an old friend. If they're really interested, they'll wait. Take your time. Underhandedness will affect your reputation.

VIRGO *(Aug. 23 -Sept. 23)*
Your temper could get the better of you if you confront personal situations. Be prepared to take advantage of your good fortune. Your tendency to vacillate will drive everyone crazy. You are ahead of your time, and trying to stay in one spot could be asking too much.

LIBRA *(Sept. 24 -Oct. 23)*
Don't let friends or relatives rule your life. You'll only hurt your lover if you don't. You can make or break your personal relationship this week. You need a change of pace.

SCORPIO *(Oct. 24 - Nov. 22)*
Children will be of major concern if you haven't kept the lines of communication open. First find out if they're married. Your ability to charm others will put you in the limelight at social functions. Your sensitive nature will allow others to read you well.

SAGITTARIUS *(Nov. 23 -Dec. 21)*
Be careful while traveling. A romantic infatuation from your past may surface if you frequent places that you both used to go. Be prepared for an active but rewarding day. You should teach children some of your unique creative talents.

CAPRICORN *(Dec 22.- Jan. 20)*
People trying to entice you to join in will be less than trustworthy. You are best to deal with those outside your family. Don't be afraid to make a move if you aren't happy with your emotional situation. Socializing or travel will lead to partnerships.

AQUARIUS *(Jan. 21 -Feb. 19)*
Children may pose a problem if they don't like suggestions. Take care of the needs or responsibilities of elders. Emotional deception is evident. If you're feeling uncertain, spend some time alone and reevaluate your motives as well as your needs.

PISCES *(Feb. 20-Mar. 20)*
Don't say things that could be damaging later on. Cut loose. Restrictions may be difficult for you to live with. Look into physical activities that will help get rid of some of that tension you may be feeling. Don't let others try to create unwarranted guilt if you can't meet their demands.

Ideal Institute of Technology to Break Ground on Washington Avenue Facility with $4 Million Expansion

Former Press of AC Building Becomes Entrepreneurship and Technology Hub

Ideal Institute of Technology (IITNJ) will break ground for an entrepreneurship and technology hub expansion on the property of the former Press of Atlantic City building on Thursday, March 9, 2023 at 11 a.m. The $4 million project will add three IITNJ education initiatives: Advanced Manufacturing, Aquaphonics/Agrotech Research, and Testing Center. The new IITNJ Entrepreneurship and Technology Hub will stand as a state-of-the-art facility that will bring together the best and the brightest minds from across the region to collaborate on new projects and ideas. It will provide students, faculty, and industry professionals with access to the latest technologies, resources, and networks that will help spur innovation and creativity. The new hub will combine a variety of spaces, including:

- An existing 30,000-square-foot facility, where Ideal will establish itself in its new community as an Entrepreneurship and Technology Hub.
- A 15,000-square-foot space that will house the Business Accelerator and Incubator program, and will be launched as the Ideal YES Accelerator School. A ribbon cutting is scheduled for July.
- A 14,000-square-foot School of Advanced Manufacturing will be established.
- A 14,000-square-foot School of Aquaponics will be introduced during the year for green house research and training in Aggrotech.
- Plans are underway to strengthen IITNJ's veterans' program and bring more opportunities to veterans.

The HUB will also provide students with access to industry-leading software and equipment, as well as opportunities to network with leading industry professionals. "We are thrilled to be breaking ground on these new initiatives and hope to become a magnet for creating a national model," says Ren Parikh, founder of IITNJ. "We want this campus to become a leading destination for entrepreneurship and technology." The broad economic impact of a technology innovation hub in Pleasantville will have far reaching benefits for Pleasantville and surrounding communities. It is poised to bring 200 jobs to the area. Redevelopment plans of Pleasantville's Center City are also in progress, which will feature the building of Ideal's Hotel Management Institute, including a microbrewery, banquet hall, 30-room hotel, and more.

Cover Me! Song Version's I Like as Much, If Not More Than the Original

by Joe Molineaux

It is funny how a concept or idea for a column can come from different places and from conversations that have very little to do with music. The genesis for this week's column came from a brief conversation with some of the creative marketing people I had not too long ago. The marketing team was working on a number of events and initiatives to benefit the community. One of the events centered on recycling. When they talked about getting the word out and wanting to use social media and some traditional marketing to do so, I thought we could have some fun with one of the things that does help us reduce our waste, and that is recycling.

During a brainstorming meeting, I joked about "cover songs" being the ultimate form of music recycling. The group laughed and then agreed with my statement. So as a nod to the work that team is doing in the area of promoting recycling, here are some of my favorite covers in no particular order. Many are classic cover songs. If you have not heard some of them or enjoyed them recently then go and discover them!

- The Jimi Hendrix Experience's 1968 cover of "All Along The Watchtower" off of the LP "Electric Ladyland." The song was originally done by Bob Dylan in 1967 on the album "John Wesley Harding."
- Jeff Buckley's version of "Hallelujah" from the "Grace" CD released in 1994. This Leonard Cohen song recorded originally in 1984, from the album "Various Positions", then recorded by John Cal in 1991, was re-popularized when another cover was included in the animated film "Shrek."
- While the rousing rendition of "Proud Mary" by Creedence Clearwater Revival off the album "Bayou Country" (1969) is a classic, the Ike & Tina Turner version of "Proud Mary" from "Workin' Together" from 1971 takes the song to another level.
- Joan Jett and the Blackhearts' version of "I Love Rock 'n' Roll" released in 1981 took the song originally recorded by a band called Arrows in 1975 from obscurity to every jukebox and turntable throughout the land in 1982. Jett's first recording of the song in 1979 was not with the Blackhearts but actually with two members of the Sex Pistols.
- Probably one of my favorite songs is "(What's So Funny 'Bout) Peace, Love And Understanding" by Elvis Costello & The Attractions off of the LP "Armed Forces" from 1979. This Nick Lowe-penned tune was originally on Lowe's band Brinsley Schwarz's album titled "The New Favourites of Brinsley Schwarz in 1974." If you need more to Listen Up! to, I would suggest seeking out Lowe's haunting stripped-down acoustic version of the song.
- In 1966, when Sonny Curtis of the Crickets (Buddy Holly's band) first wrote "I Fought the Law," I am pretty sure he had no idea what punk rock music was. In a cover twist, the song was covered and first popularized by the Bobby Fuller Four, and the song went on to become a top-ten hit in 1966. When the Clash covered it in 1979, it landed on my list and many others' lists of favorite cover songs.
- There are some amazing songs that have had generational staying power for many reasons. Some are tied to classic movies such as the "Wizard of Oz" and others are tied to outstanding musicians like Louie Armstrong. A Hawaiian ukulele player named Israel Kamakawiwo'ole decided to bring together two songs, "Somewhere Over the Rainbow" and "What a Wonderful World," in 1988 during a demo recording session and the mashed up song. It instantly became one of my favorite "just when I need to hear something heavenly" cover songs.
- I am a huge Motown fan and a Beatles fan. Therefore when I first heard the cover of "Twist & Shout" by The Beatles off of "Please Please Me," the Isley Brothers version of "Twist and Shout" was never going to be the same. Still, a classic Motown song for me, just not at the same level as The Beatles' version.
- "Valerie" by Mark Ronson (featuring Amy Winehouse) released in 2007 rounds out some of my favorite cover songs. The version originally performed by The Zutons off the album "Tired of Hanging Around from 2006," needed the amazing vocal performance of Winehouse to bring it to life. The song seemed tailor-made for Winehouse's voice and much credit goes to Ronson for giving the song the attention it needed to become an awesome cover.

So there you have a few of my favorite cover songs or "music's version of recycling." Hope you can find the time to listen to some if not all of these songs, and the next time you see me, please share some of your favorite recycled musical tunes!

March Fun Facts & History

"March" is named for the Roman god of war, Mars. This was the time of year to resume military campaigns that had been interrupted by winter.

In the early Roman calendar, March (or Martius) was the first month of the calendar year. As March brought the first day of spring with the vernal equinox, it was the start of new beginnings.

March became the third month when January and February, which were added to the end of the Roman calendar around 700 BCE, instead became the first and second months around 450 BCE.

March's full Moon, the Worm Moon, reaches peak illumination on the morning of Tuesday, March 7, 2023. Look for it in the evening of Monday, March 6, as the Moon rises above the horizon!

You may have heard the weather proverb, "If March comes in like a lion, it will go out like a lamb," which means that if the month starts off stormy, it will end with mild weather. There is, however, a different interpretation: The constellation Leo, the lion, rises in the east at the beginning of March and thus the month "comes in like a lion," while Aries, the ram, sets in the west at the end of the month, and hence, the month "will go out like a lamb."

March's birth flower is the daffodil or jonquil. The daffodil signifies regard or unrequited love. The jonquil means "I desire a return of affection."

March's birthstone is the aquamarine. This gem is a type of beryl; its color can be pale to dark blue, greenish-blue, or blue-green; deep, intense blue versions are more valuable.

The Wizard of Odds

The "Wizard of Odds" is a local casino maven who has first-hand and accurate inside information on the best and worst casino deals in Atlantic City. If you follow the Wizard's advice in patronizing the best and avoiding the worst casinos, your money will last longer, and you will have a better chance to win. This week's feature is about **"Casino Update."**

The slot results for the first month of this year! The "Wiz's Best of List" has changed a bit. What follows are some recent changes to the above list to guide you where to play:

- Bally's has the worst slot odds in town.
- Slot aficionados should visit the Hard Rock or Borgata for the "loosest" slots and Free Slot Play.
- The Borgata gave table games players a million dollars in Free Table Play in January.
- Resorts was deleted from the cleanest casino because of dirty restrooms and empty hand sanitizers.
- Atlantic Avenue has so many potholes on top of potholes you are better off on Pacific Avenue.

As you travel down the narrow Pacific Avenue you cannot fail to notice three large vacant parking garages next to the demolished Sands, demolished Trump Plaza, and the old Golden Nugget, a magnificent structure that is going to seed before our eyes. So sad. Each of these properties had once held the first position in the A.C. gaming market. One must wonder why these casinos were taken out of service creating the loss of many thousands of jobs and tax ratables for the City of Atlantic City.

Could it have been done on purpose to reduce competition and get tax write-offs? Think about it.

"MEET THE PACK!"

The Seeing Eye Online Auction

Plans are underway for The Seeing Eye's 2023 Online Auction! The auction will take place April 27 through May 10, 2023. Proceeds from this annual event go directly toward fulfilling our mission to nurture the partnership between specially trained Seeing Eye® dogs and people with vision loss.

AUCTION DONATIONS

The online auction is made possible by generous individuals and businesses who donate items for bidding. Not only will you be supporting our mission, you will also be showcasing your products and services to thousands of our supporters!

The online bidding runs April 27 through May 10, 2023 and when the auction is live it will be hosted at www.seeingeye.org/auction. Each item listing will include a detailed description, photographs, your company's logo and a direct link to your webpage. Auction items range from jewelry, gift cards, dog toys, sports tickets, vacation stays and more!

For additional information or to donate item(s), please contact us at 973-525-1088 or auction@seeingeye.org.

Item donations should be received no later than March 24, 2023 and addressed to:

The Seeing Eye Auction Team
1 Seeing Eye Way
Morristown, NJ 07960

Just a little less than a month until the auction stops accepting donations. Thank you to all those who have donated already!

Seeing Eye pup Bart has been very busy helping his raiser volunteer for the online auction. Last week he picked up beautiful pearls from the very generous Roman Jewelers in Bridgewater. This week him and his raiser went around Chester to see if any stores would be interested in donating to the auction. We are sure he did a great job!

Seeing Eye chocolate Lab puppy Bart in his puppy raising vest sitting next to his raiser in Roman Jewelers. His raiser smiles and holds a gold bag with Roman Jewelers written on it.

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye. Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. These volunteers nurture their puppy to accomplish its special destiny. If you are interested in raising a puppy for The Seeing Eye, call Peter at (609)804-8774 or visit seeingeye.org/raise for info.

March Fun Facts & History

"March" is named for the Roman god of war, Mars. This was the time of year to resume military campaigns that had been interrupted by winter.

In the early Roman calendar, March (or Martius) was the first month of the calendar year. As March brought the first day of spring with the vernal equinox, it was the start of new beginnings.

March became the third month when January and February, which were added to the end of the Roman calendar around 700 BCE, instead became the first and second months around 450 BCE.

March's full Moon, the Worm Moon, reaches peak illumination on the morning of Tuesday, March 7, 2023. Look for it in the evening of Monday, March 6, as the Moon rises above the horizon!

You may have heard the weather proverb, "If March comes in like a lion, it will go out like a lamb," which means that if the month starts off stormy, it will end with mild weather. There is, however, a different interpretation: The constellation Leo, the lion, rises in the east at the beginning of March and thus the month "comes in like a lion," while Aries, the ram, sets in the west at the end of the month, and hence, the month "will go out like a lamb."

March's birth flower is the daffodil or jonquil. The daffodil signifies regard or unrequited love. The jonquil means "I desire a return of affection."

March's birthstone is the aquamarine. This gem is a type of beryl; its color can be pale to dark blue, greenish-blue, or blue-green; deep, intense blue versions are more valuable.
