GREEN BEANS IN SEASON

There are many benefits to eating great beans. Not only are they relatively inexpensive, green beans are rich in vitamin C and beta carotene, an antioxidant that gives fruits and vegetables their color. The antioxidant power of green beans is actually enhanced when green beans are cooked, whether sautéed, steamed or roasted. The vegetable helps fight inflammation and is a good source of folate and potassium, which helps regulate blood pressure. Green beans are high in vitamin K and they contain a decent amount of calcium. These nutrients are important for maintaining strong healthy bones and reducing your risk of fractures. Getting enough folate isn't just important during pregnancy. The B vitamin is also important for reducing depression.

HOROSCOPE

AUGUST 3 - AUGUST 9, 2023

-  **ARIES** (Mar. 21 - April 20)
Get back down to earth and to basics. You will be able to get your own way if you use your intellectual charm and know how. Travel will be most enticing. Consider a cruise. Your input into their activities will help bring you closer together.
-  **TAURUS** (Apr. 21 - May 21)
Make changes around your house and plan to do some entertaining. Focus on your domestic scene. Get together with friends or relatives. You are best to work at home if you can. Your need to obtain additional details will lead you into strange topics of conversation.
-  **GEMINI** (May 22 - June 21)
You must use discretion when talking to others. Gambling should not be an option. One-sided relationships are likely. You can make money if you put your savings into conservative investments. Be discreet and don't present your ideas until you're certain that they're foolproof.
-  **CANCER** (June 22 - July 22)
Relatives may play an important role in your social activities. Don't hold back. Unrealistic promises will only get you in trouble. You may find that someone at work hasn't been trustworthy.
-  **LEO** (July 23 - Aug 22)
Look into some form of physical recreation. You will meet potential new mates through business. Don't be too quick to judge others. Concentrate on work.
-  **VIRGO** (Aug. 23 - Sept. 23)
Don't allow your personal problems to interfere with your professionalism. In-laws may cause difficulties. Travel should be considered. You should make special plans for you and your lover. Invest wisely. Your personal life could have you tied up in knots.
-  **LIBRA** (Sept. 24 - Oct. 23)
Someone you live with is ready to play emotional games. Don't overindulge in anyway. Self-deception is likely. Be careful; you may upset someone you live with if you don't consult with them.
-  **SCORPIO** (Oct. 24 - Nov. 22)
Acknowledge your lover's needs. Your ability to come up with good solutions for problems related to work will no doubt help you in getting a promotion. Look into making changes to your personal papers and don't neglect those bills that have been piling up. Don't upset elders in your family who don't understand your present situation.
-  **SAGITTARIUS** (Nov. 23 - Dec. 21)
You can make personal changes that will enhance your appearance and bring about greater social activity. Problems with skin, bones, or teeth may mess up your schedule. Throw yourself into your work. You need an outlet that will not only stimulate you but also challenge your intelligence as well.
-  **CAPRICORN** (Dec. 22 - Jan. 20)
You'll find travel or involvement in large groups gratifying. Knowledge can be acquired if you listen. Drastic financial losses may be likely if you lend money. Make arrangements to spend quality time together.
-  **AQUARIUS** (Jan. 21 - Feb. 19)
This is probably causing upset and confusion on the home front. You are best to concentrate on your professional endeavors. Emotionally, things may not run so smoothly. Only bite off what you can chew.
-  **PISCES** (Feb. 20 - Mar. 20)
Social get-together will bring you in contact with intelligent new friends. Relationships will be emotional this week. Your confidence will stabilize your position. You may want to have a heart-to-heart talk with a close and trusted friend.

HEALTHFUL LIVING

A Weekly Guide to Health Awareness

YOGA POSE OF THE WEEK - Easy Pose (Sukhasana)

Sitting cross-legged doesn't have to be a difficult position. As with Cobbler's pose, the judicious use of props can transform an uncomfortable position into one of ease so you can begin to reverse the effects of too much chair sitting. For some people, using props such as blankets, towels, and yoga blocks can help you feel as comfortable as possible in this pose. It is also a calming pose and it is one commonly used for meditation and practicing breathing exercises. While children often sit in this position, adults get used to sitting in chairs and develop tight hips. Easy Pose can help open up tight hips. Sukhasana offers a variety of benefits for people who are pregnant. In addition to opening the hips, it helps stretch the spine, increases energy, uplifts mood, improves digestion, and better breathing.

VITAMIN HIGHLIGHT - Cobalamin (Vitamin B12)

Vitamin B12 has a critical role in red blood cell production. It is also involved in metabolism and nervous system function.

The body can use animal sources of vitamin B12 better than plant sources. Examples include meat, shellfish, eggs, and milk. It is also added to some products like soy milk.

RIP CURRENTS

HOW TO AVOID & SURVIVE

A rip current is a specific kind of water current that can occur near beaches with breaking waves. A rip current is a strong, localized, and narrow current of water which moves directly away from the shore, cutting through the lines of breaking waves like a river running out to sea.

- Check water conditions before going in by looking at the local beach forecast before you leave for the beach and talking to the lifeguard at the beach.
- Only swim at a beach with lifeguards. The chances of drowning at a beach with lifeguards are 1 in 18 million (U.S. Lifesaving Association).
- Don't assume! Great weather for the beach does not always mean it's safe to swim or even play in the shallows. Rip currents often form on calm, sunny days.
- Moving at speeds of up to eight feet per second, rip currents can move faster than an Olympic swimmer.
- Panicked swimmers often try to counter a rip current by swimming straight back to shore—putting themselves at risk of drowning because of fatigue.
- Lifeguards rescue tens of thousands of people from rip currents in the U.S. every year, but it is estimated that 100 people are killed by rip currents annually.
- If caught in a rip current, don't fight it! Swim parallel to the shore and swim back to land at an angle.

SUMMER PEACH & SPINACH SALAD

INGREDIENTS:

- 4-6 cups organic spinach
 - 2 large peaches, sliced
 - 1 avocado, diced
 - 1/2 small red onion, very thinly sliced
 - 1/2 cup goat cheese crumbles (or sub feta)
 - 1/2 cup sliced toasted almonds*
- For the dressing:**
- 3 Tbsp extra virgin olive oil
 - 3 Tbsp balsamic vinegar
 - 1 garlic clove, minced
 - 1/2 tsp dijon mustard
 - Optional: 1-2 teaspoon sugar, maple syrup or honey to sweeten dressing
 - Freshly ground salt and pepper, to taste

INSTRUCTIONS:

In a medium bowl, whisk together the balsamic vinaigrette: balsamic vinegar, olive oil, minced garlic, dijon and salt and pepper. Add a sweetener here if you'd like here too. I always prefer to!

In a large bowl, add the spinach. Drizzle with desired amount of balsamic vinaigrette and toss together to combine. Top salad with peach slices, diced/sliced avocado, red onion, goat cheese crumbles and toasted almonds. Toss very gently again. Serve immediately. Salad serves 4.

Why Donate Blood?

You don't need a special reason to give blood.
You just need your own reason.

- Some of us give blood because we were asked by a friend.
- Some know that a family member or a friend might need blood some day.
- Some believe it is the right thing we do.

Whatever your reason, the need is constant and your contribution is important for a healthy and reliable blood supply. And you'll feel good knowing you've helped change a life. To learn more, visit www.redcross.org

The need is constant. The gratification is instant. Give blood.™

Name of venue: Firehouse Bar & Grill

Location and Hours: 105 Philadelphia Avenue in Egg Harbor City. We're open noon til 10pm Sunday, Tuesday, Wednesday and Thursday, 11am til 11pm Friday and Saturday and are closed on Mondays.

What does your venue specialize in? Daily Happy Hour (from open - 6pm), Fabulous Menu along with Daily Specials, Large Beer & Spirits Selection, Banquet Facility, Outdoor Seating, Dog Friendly, LGBTQ Supporter and all Under a Historic Firehouse.

What is the current reason one MUST come to Firehouse Bar & Grill? Our Seafood Soup is our daily on-going special and a huge favorite!

What is your secret favorite that the crowds have yet to discover? The fact that we are located in a historical Firehouse with brick oven pizzas and more.

Why is Firehouse Bar & Grill a necessary part of Atlantic County? We support all organizations and take great pride in our products, staff and customers.

What are some other reasons to visit Firehouse Bar & Grill? The building in itself can speak. Once you enter the front door you can tell you are in an old Firehouse. The upstairs was also the old Courthouse and the previous owner kept the building to its original look, both inside and out. We feature memorabilia on the walls from the period and always encourage more memorabilia donations. Our open-concept kitchen and brick oven is also an attraction.

Please share any important information locals and visitors should know about Firehouse Bar & Grill. We can accommodate up to 80 guests upstairs in our banquet facility that also has a private bar. Happy Hour is from 12-6pm Bar and Community Table only. Weekly specials include \$2 off any pizza and \$1 off any beer on Tuesdays, Wednesday enjoy Mussels over Pasta (red or white) for \$12 and \$5 house wines. Taco Thursday with \$5 Classic Margaritas and \$6 Flavored Margaritas!

ARTHRITIS IN PETS

Submitted By
Patsy Nelson
from The Wagging Tail

"Arthritis is a medical condition of the joints which results in inflammation, pain, and difficulty moving for people and pets. It can be mild and unnoticeable, or it can be debilitating-severely affecting your pet's quality of life." Arthritis is a degenerative disease that affects the joints and muscles with stiffness and pain. In both cases, the earlier the prevention or treatment is started, the better. I even recommend to customers that they get their dog on a mild joint support as young as five years to treat symptoms prophylactically. Why wait until your pet is in joint distress? Dogs are more prone to arthritis than cats are. Larger breeds like labs, Bernese Mountain Dogs, Golden Retrievers, German Shepherds, etc. are more likely to suffer, and at an earlier age, than smaller breeds. It is our duty as their care givers to be aware of changes in their movements and behaviors and respond responsibly by taking them to the vet or starting them on a program of joint support supplements about which you can become educated on your own. Next issue, I will be offering what I consider to be quality and effective products both for preventative care and for advanced joint support. Or you can visit The Wagging Tail.

Firstly, I will tell you the signs and symptoms to help you decide if your pet is indeed suffering from arthritis. 1. Does your pet seem to tire more than usual and lag behind when walking? 2. Is there noticeable trembling or shaking? 3. After some activity does your pet limp or seem stiff? 4. Does your dog have trouble getting in the car, managing steps or jumping on the sofa? 5. Has your pet lost interest in playing? 6. Does your pet take more care and time getting up from a resting position? 7. Is your pet sleeping longer periods of time, and interacting less with your family or other pets? Some of these symptoms were what first alerted me to Zoey, and she ended up being diagnosed with Addison's Disease. See my article, THE GREAT PRETENDER, February 16th issue.

It is understandable that older pets, like older people, are more likely to have arthritis. Inactive dogs and overweight dogs are susceptible too. That is why I am happy, now, to have my foster/rescue fear-biter Ebby in our family. I call her Zoey's dog because of how well they play together, and how often, now that Zoey is on her daily dose of Prednisone. Serious injuries that occur earlier in a pet's life can lead to an earlier onset of arthritis. Hip dysplasia can lead to debilitating arthritis as happened to my German Shepherd some forty years ago and I had to rehome her to a house with just two low steps entering and exiting the house. Hip dysplasia in shepherds is due mostly from conformation judges awarding sloping hips on competing canines. Thus, there was a push to breed for that abnormality which causes normal stress on abnormal joints. Agility dogs, hunting dogs, and joint or ligament injuries can have the result of abnormal stress on normal joints. Degenerative arthritis can take years to surface after years of abnormal stress until the joints are severely compromised. Arthritis can also be caused by "infection or by underlying immune-mediated diseases." Such as Lyme disease.

One of the most alarming causes of arthritis is poor nutrition. It is not just arthritis that can afflict your dog later, but questionable additives, artificial ingredients, and poor protein quality and sourcing, can lead to a multitude of ailments including diabetes and cancer. For both dogs and cats.

Roxy, a 9-year-old, 15lb, tan and white Italian Greyhound (looks like a miniature Greyhound) and resident of Ocean City, went missing from Maple Ave and Fairbanks in Northfield. She dug her way out from under a fenced-in backyard and has been missing since 2 PM on May 18th, 2023. Her family was away when it happened and realized she was missing at 4 PM, immediately starting a relentless search with the help of the community.

Roxy has been sighted near the following streets in Northfield and Pleasantville: Lafayette, Doughty, Dolphin, New Road (by Mazzeos), Old Tilton, Fernwood, Ashland, Church, Risley, and New Maple. Search efforts include working with an experienced dog tracker, thousands of shares on social media, the creation of the "Finding Roxy" group on Facebook with over 300 members, hours of searching on foot, notifying all local shelters, vets, and police stations, and posting over 1000 flyers (all of which will be taken down when she is found. If you see a flyer up, please assume she is still missing).

Sightings are the key to bringing Roxy home. If you see her, please call the police or the numbers on the flyer immediately. Including photos of her would be even more helpful. Roxy's family would like to extend a sincere and heartfelt thank you to the residents of Northfield and Pleasantville for their continued efforts in the search. Your support has been overwhelming, and it won't be possible to bring her home without you. Again, if you have any information regarding her whereabouts, please notify the police or call 609-287-6780 or 609-513-2935 as soon as possible.

BOOKBITES: AUGUST'S FIVE BOOK CLUB-WORTHY TITLES

THE PARIS ASSIGNMENT By Rhys Bowen
A mother's quest for justice amid the chaos of war

As World War II rages in the background, Madeline Grant and French journalist Giles Martin are desperate to keep their son, Olivier, safe and their family intact. But when the war lands on their doorstep in France, they're forced to make tough decisions. While Giles stays behind to fight the resistance, Madeline and Olivier head to England, where they hope to find refuge. But in a tragic twist of fate, Olivier is killed — and a devastated Madeline is called to action. She accepts a request from the ministry to assist in the war effort, but her focus is ultimately lasered on two extremely personal goals: locate her husband and exact revenge for their fallen son.

WINE PEOPLE By Michelle Wildgen
An intoxicating story of complex friendships and wine

Wren and Thessaly, opposite in almost every way, are forced to put their differences, and egos, aside as they navigate their new positions at a glamorous New York City wine importer. Thrown together at work — where they are expected to smile, socialize, and sell — the two first regard each other with suspicion ... until an important business trip changes their lives, and their friendship, forever. Get lost in Wildgen's mouthwatering descriptions of food and wine as two unlikely new friends take readers on a globetrotting adventure that spans from France, Germany, and Italy to the Midwest and Sonoma. Cheers!

THE BOOK OF SILVER LININGS By Nan Fischer
A ghostly connection guides a woman's heart to true love and happiness

Soon after "yes-woman" Constance Sparks agrees to marry her boyfriend, Hayden, her research into her antique engagement ring transports her back in time where she learns not only about the man who once owned it, but also his tragic love story and subsequent death. His letters, tucked between the pages of an old book, speak to her own growing self-doubts and fears about her fiancé — and she finds herself writing this long-deceased man letters of confession, hoping it will help her navigate her path forward. She's shocked to receive his response — and even more surprised to find herself falling in love with him. But how can she give her heart to a ghost?

THE ROARING DAYS OF ZORA LILY By Noelle Salazar
Threads of ambition: A glittering novel of dreams and sacrifices in Old Hollywood

In present day, the discovery of a hidden label on a famous gown once worn by Greta Garbo deftly transports readers to 1924 Seattle, where a young, poverty-stricken girl named Zora spends her days looking after her younger siblings while taking on odd seamstress jobs to bring in some extra money. Her fantasy of becoming a famous seamstress seems nothing more than that — a fantasy. Until her best friend lands a position at a downtown club, luring Zora into a dreamlike world of music, glittering dresses, and boys. There, she finds connections that could launch her career — but at what cost?

UNWILLABLE By Jackie M. Stebbins
An inspiring tale of triumph and resilience against a devastating disease

Jackie M. Stebbins knew personal sacrifice would be expected if she wanted to succeed as a trial lawyer — but when she'd almost reached the pinnacle of her career, she came to the shocking realization that her ambition had taken a serious toll on her health. She needed to slow down. To do that, she committed herself to a psychiatric ward and a month later learned that her insomnia, anxiety, and depression were attributed to much more than "career burnout." She was diagnosed with a rare and debilitating brain disease — a disease that could have ended her life.
