Release the week of March 15 - 21, 2024

# HOROSCOPE

MARCH 14 - MARCH 20 2024

**ARIES (Mar. 21- April 20)**  
Sunday 10th starts the week with the Pisces New Moon and its glimpses and glimmers of magic which are not fully revealed. Mercury steps foot in Aries also on Sunday pulsing you with ideas and intention which don't need to be rushed into action as yet. This year's Aries season includes two eclipses and these powerful energies are going to help you shift your world.

**TAURUS (Apr. 21- May 21)**  
This is a great moment to tune into your wish list – whilst keeping those Taur-rean hooves firmly on the ground! The Spring energies are all about change and what's in the works will be far reaching. For now it's a moment to re-search, prepare and dream whilst getting ready to greet an upcoming sense of excitement and adventure.

**GEMINI (May 22-June 21)**  
As the New Moon pulses you with fresh delights and insights designed to help you steer your way in the world your twins are treading a fine line between entering a fantasy world or harnessing inspiration that manifests magic. In the coming weeks situations are rapidly changing yet you are adaptable enough to make the most of the what's on the move.

**CANCER (June 22-July 22)**  
No other sign understands how incredibly useful your side-ways approach can be. For a start, it means you can advance or retreat without people noticing and also observe situations and people without making a wrong move. Although bright lights hover in the most expansive area of your chart you realise the need for caution and canniness. These are your super-powers.

**LEO (July 23-Aug 22)**  
You're re-drafting emotional or financial involvements and find yourself in a time when arrangements and ties are shape-shifting. Once you might have rushed to make decisions but for now you need to adopt a wait-and-see approach. There is a wisdom in allowing others to reveal their hand and see how things unfold before jumping to conclusions.

**VIRGO (Aug. 23-Sept. 23)**  
Whilst the ball seems to be in someone else's court care of the Pisces New Moon you need time to consider how to approach a situation which requires some fine-tuning. It's not as if things can be resolved in a day and important cosmic activity in the coming weeks will alter the set-up considerably. For now, assess and examine the possibilities.

**LIBRA (Sept. 24-Oct. 23)**  
The big event will be the eclipsed Full Moon in Libra on the 25th March. Until then consider everything as tentative and watch a rapidly changing scenario tantalise with promises and then deliver a bottom line. Perhaps more than anything you get to recognise where you have gone along with an illusion and want to work with reality.

**SCORPIO (Oct. 24 - Nov. 22)**  
As a water sign, the realm of emotions, intuition and inspiration is very important to you. The Pisces New Moon taps you into this intangible realm which offers a source of spiritual sustenance, connection and creativity. It feeds your soul. Even if you don't have concrete answers at the moment you're going through a valuable process of discovery.

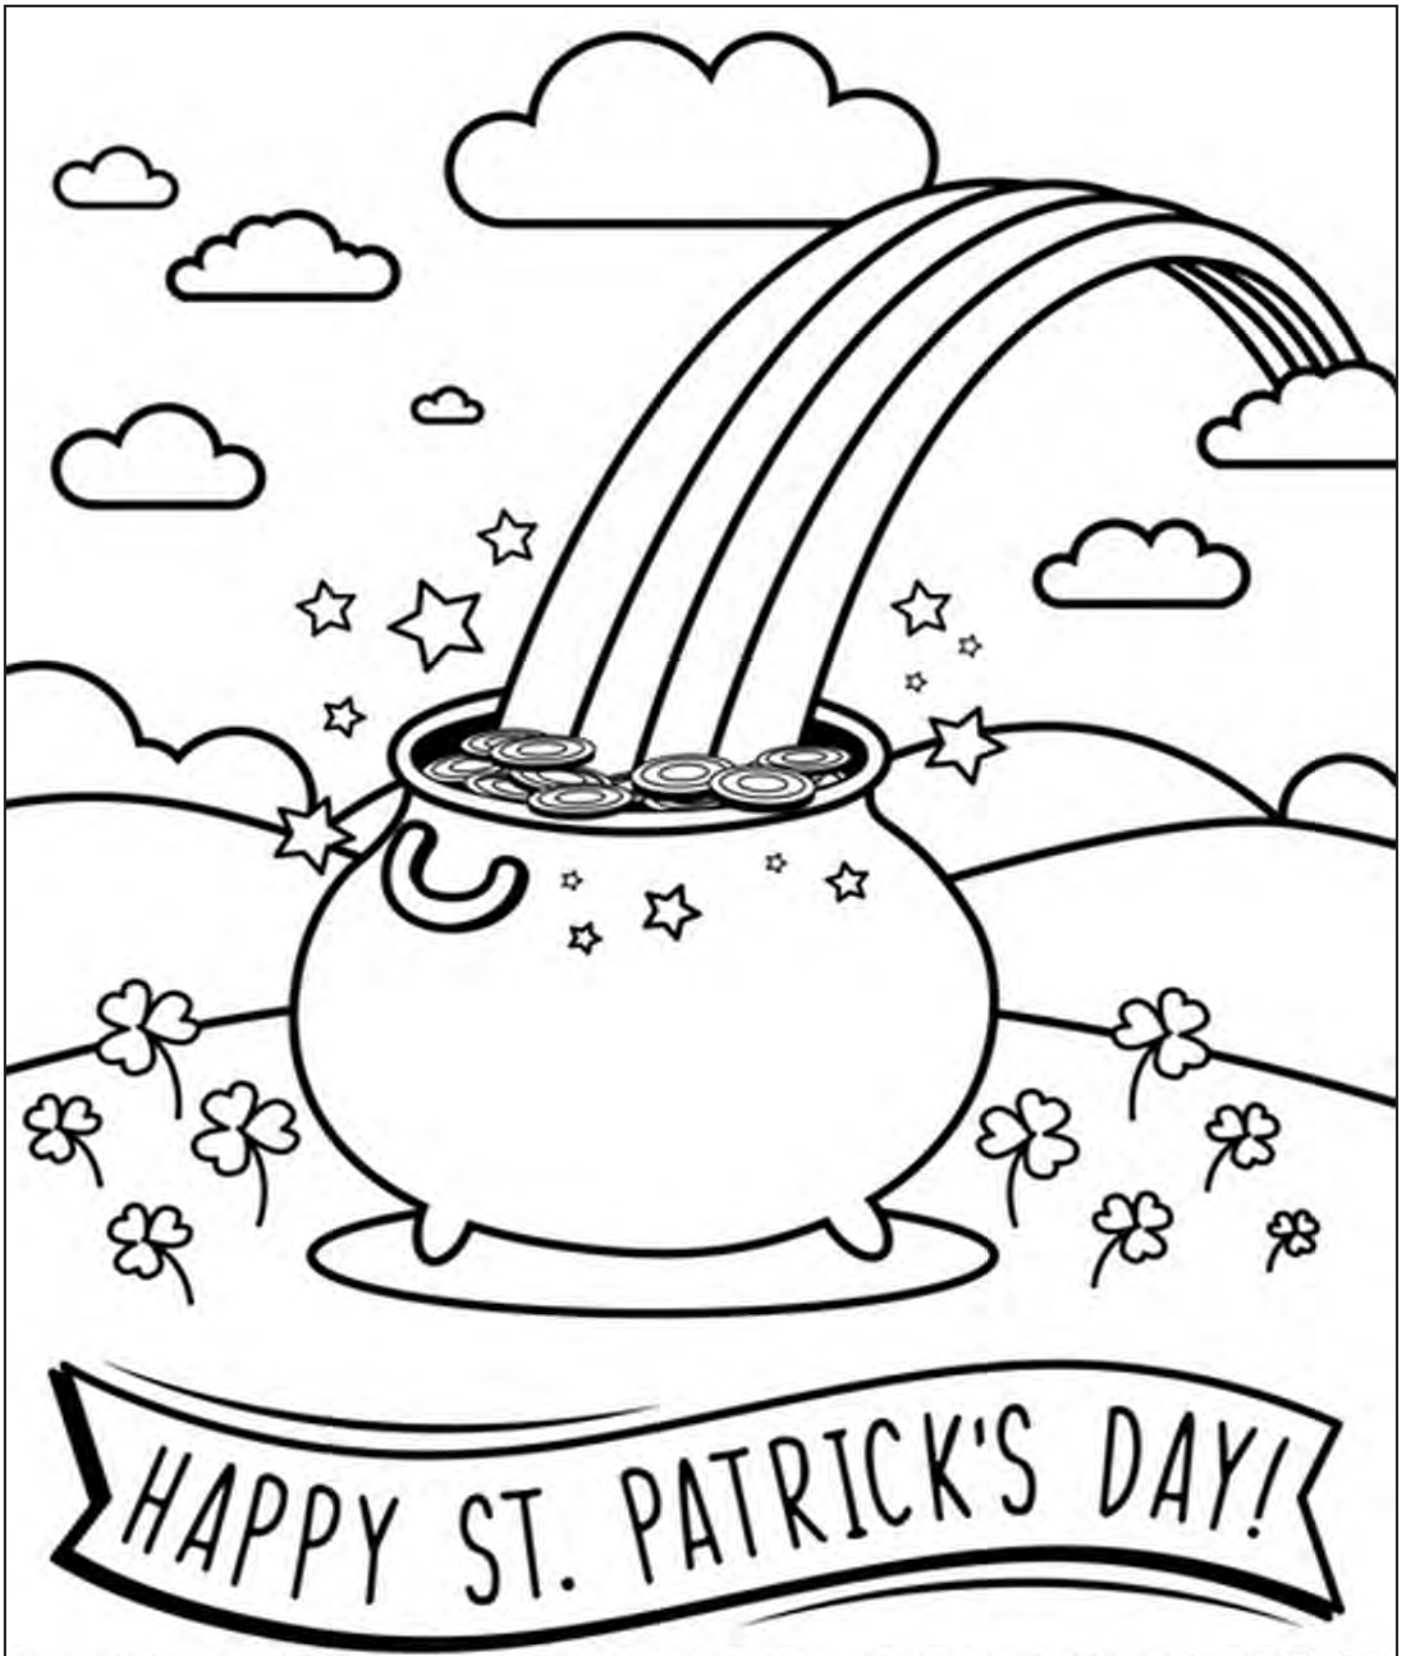

**SAGITTARIUS (Nov. 23-Dec. 21)**  
You are very used to living in a world of options and possibilities so the recent Pisces New Moon has simply pulsed more inspiration. Not until after the 21st will it be possible to know for sure what's workable. Until then, continue exploring and feeling your way. The experience of allowing yourself to dream is valuable in itself.

**CAPRICORN (Dec 22.- Jan. 20)**  
Being a Capricorn you see yourself as the one who adds common sense into other people's flights of fancy. However, right now you're aware that things cannot be rushed and you may have to indulge others a little while longer. In the process you will learn what they glean from the creative process and it might even feel good to linger there yourself and take time out from the 'ordinary' world.

**AQUARIUS (Jan. 21 -Feb. 19)**  
Cosmic energy focused on the financial area of your chart suggests you may be re-assessing the value of what you have or whether you are being valued correctly by others. Have you got room to change the paradigm? Do you see things as fluid or set in stone? The more you are able to download inspiration and spark sustainable self-worth the richer you will feel.

**PISCES (Feb. 20-Mar. 20)**  
Sunday's New Moon in your sign positioned betwixt Saturn and Neptune in Pisces is destined to take you on something of a journey over the next couple of weeks. There are sparkles for sure. Perhaps too an aura of uncertainty which means you have to steer by your own starlight and listen to your intuition rather than relying on what others have to say. Turn the volume down on the outside world and hear your own inner voice.

Happy St. Patrick's Day! Unless you've been living under the Blarney Stone you already know that March 17 is St. Patrick's Day. Also affectionately known as St. Paddy's Day, it's the one day each year that everyone and anyone can call themselves Irish – if not by birthright, then in spirit. If you have been living under the Blarney Stone, lucky you! We bet you can share a thing or two about how a religious feast day commemorating the famed Irish patron saint who brought Christianity to Ireland ended up being a day celebrated almost globally, usually involving copious amounts of green beer and whisky shooters.

St. Patrick's Day is celebrated in more countries around the world than any other single-day national festival, largely due to America's enthusiasm for what many consider a holiday, although it is not an official holiday in America.

Parades are the heartbeat of St. Patrick Day festivities in America. This is not surprising, since the first parade held in St. Patrick's honor took place in America, not Ireland, in 1601 in what is now St. Augustine, Florida. And the first actual St. Patrick's Day parade also took place in America, in 1737, although it was pretty much just a stroll down the middle of a street in Boston by a few Irish Protestants to honor the patron saint of their motherland. The first St. Patrick's Day parade in New York City was held in 1762, 14 years before the signing of the Declaration of Independence, and was organized by Irish troops serving in British colonies. Today the world's biggest St. Patrick's Day celebration is the annual parade in New York City, where more than two million spectators line the parade route, all claiming to be Irish, at least for the day.

#### HISTORY OF ST. PATRICK'S DAY

The Catholic Church first recognized March 17 as a feast day commemorating Ireland's best-known and most beloved patron saint, Saint Patrick, in 1631. With rare exceptions, March 17 always fell during the Christian holy season of Lent, when alcohol consumption was prohibited by the Church. But on Saint Patrick's feast day, the ban on alcohol was lifted, presumably because it was a feast day, and feasting usually included alcohol.

Saint Patrick's feast day in Ireland remained a traditionally pious religious day. Irish laws eventually curtailed the use of alcohol during the feast on March 17 by mandating that all pubs remain closed on that day. This was Irish law until it was repealed in the 1970s. The day continued to be and still is observed as a feast day by the Church of Ireland, the Catholic Church, the Anglican Communion, the Eastern Orthodox Church, and the Lutheran Church. However, when the Irish government became aware of a growing interest in St. Patrick's Day by American tourists in the mid-1990s, they launched a national campaign to convert America's fascination with St. Patrick's Day and Irish culture into tourist dollars.

Meanwhile, in America, more than one million Irish men, women, and children were immigrating through Ellis Island in the 1800s. They faced oppressive discrimination in America, leaving most unemployed and living in severe poverty in New York City tenements. As their numbers grew, the Irish discovered strength in unity and rallied together to celebrate their beloved patron saint with a parade every March 17. The practice of St. Patrick's Day parades and festivals followed Irish immigrants as they made their way across America's heartland and into the deep south, seeking cheap farmland and job opportunities.

As for our obsession with heavy drinking on St. Patrick's Day? This appears to be a modern American phenomenon not firmly rooted in Irish tradition. But the Irish are not complaining. When they first came to America, the Irish were rejected and despised. Now everyone wants to be Irish on St. Patrick's Day. How great is that? The more Irish on St. Patrick's Day, the merrier.

"Erin go Bragh!"

#### TRADITIONS FOR ST. PATRICK'S DAY

The theme for St. Paddy's Day is Irish and the color green, so drinks, food, and parties are all centered around this. Traditionally, green dressing and green-colored food are prepared to get into the spirit of the day. Irish beer is also very popular, so pubs and clubs have special deals and host parties. Celebrations are taken to the street with massive parades in major cities all over America.

#### ST. PATRICK'S DAY BY THE NUMBERS

- 40–60 pounds – the amount of green dye dumped in the Chicago River on St. Patrick's Day.
- 3rd – most popular drinking day in America.
- 70% – cabbage shipments increase around St. Patrick's Day.
- 57% – the percentage of Americans who celebrated St. Patrick's Day in 2020.
- 79% – the percentage of people who planned to don green attire for the holiday.
- \$40 – the average spending per person on St. Patrick's Day.
- 819% – the percentage increase in the serving of Guinness on St. Patrick's Day.
- 284 – the number of years that St. Patrick's Day has been celebrated in America.
- 30% – the percentage of Americans who celebrate by cooking an Irish meal.

#### HOW TO CELEBRATE ST. PATRICK'S DAY

**Be Irish for the day** - Get your green on! Everyone is an honorary Irish lad or lass on St. Patrick's Day, so just go with it. Today, everyone looks stunning in green.

**Go watch a parade** - The biggest party on St. Patrick's Day by far is always the parade because that is how early Irish immigrants first celebrated their patron saint in America: with a parade. It's a family affair with glitter, glamour, fiddlers, cloggers, and lots and lots of green. A robust St. Patrick's Day parade gets the party started and the day only gets better from there.

**Hunt for leprechauns** - Legend has it that if you catch a leprechaun, the little fella has to surrender his pot of gold to you. So why not grab a couple of butterfly or fishing nets and take your wee lads and lasses out for a leprechaun hunt and bring home the gold. But be ye forewarned. Leprechauns are wickedly clever creatures known to trick their captors out of receiving the gold. Your best bet is to just keep quiet, not answer any questions the leprechaun may ask you, take your newfound fortune, and run. Quickly. Good luck.

## St. Patrick's Day Fun Facts & History

- **The Real St. Patrick Was Born in Britain.** Much of what is known about St. Patrick's life has been interwoven with folklore and legend. Historians generally believe that St. Patrick, the patron saint of Ireland, was born in Britain (not Ireland) near the end of the 4th century. At age 16 he was kidnapped by Irish raiders and sold as a slave to a Celtic priest in the area now known as Northern Ireland. After toiling for six years as a shepherd, he escaped back to Britain. He eventually returned to Ireland as a Christian missionary.
- **St. Patrick Was Never Canonized.** As you might expect, St. Despite his status as a patron saint, St. Patrick was never actually canonized by the Church during his lifetime. This was primarily because such a process did not exist when he died in A.D. 461. It wasn't until 993 that St. Ulrich of Augsburg became the first saint to be formally canonized, and it was not until the 12th century that the Church established an official canonization process overseen by the Pope. While St. Patrick has not been formally canonized, many consider him to hold saintly status.
- **Leprechauns Are Likely Based on Celtic Fairies.** The red-haired, green-clothed Leprechaun is commonly associated with St. Patrick's Day. The original Irish name for these figures of folklore is "lobaircin," meaning "small-bodied fellow." Belief in leprechauns likely stems from Celtic belief in fairies—tiny men and women who could use their magical powers to serve good or evil. In Celtic folktales, leprechauns were cranky souls, responsible for mending the shoes of the other fairies.
- **The Shamrock Was Considered a Sacred Plant.** The shamrock, a three-leaf clover, has been associated with Ireland for centuries. It was called the "seamroy" by the Celts and was considered a sacred plant that symbolized the arrival of spring. According to legend, St. Patrick used the plant as a visual guide when explaining the Holy Trinity. By the 17th century, the shamrock had become a symbol of emerging Irish nationalism.
- **The First St. Patrick's Day Parade Was Held in America.** While people in Ireland had celebrated St. Patrick since the 1600s, the tradition of a St. Patrick's Day parade began in America and actually pre-dates the founding of the United States.

## CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

### ASIAN VENISON JERKY

#### INGREDIENTS:

- 3 lbs Boneless Venison Hind Quarter,  
*Cut Against The Grain in 1/8 inch Slices*
- 1/2 cup Low Sodium Soy Sauce
- 1/4 cup Teriyaki Sauce
- 2 Tbsp Oyster Sauce
- 2 Tbsp Hoisin Sauce
- 1/4 cup Worcestershire Sauce
- 2 Tbsp Pineapple Juice
- 1/2 cup Brown Sugar
- 1 tsp Onion Powder
- 1 tsp Garlic Powder
- 1/2 tsp Ginger Powder
- 1/8 tsp Cayenne Pepper
- Fresh Cracked Black Pepper to Taste
- Applewood Chips for Smoking

#### PREPARATION:

In a large bowl, whisk all ingredients together except venison. Place venison slices into a large air tight bag. Pour marinade over the top. Mix the meat and marinade together well. Seal bag air tight and refrigerate for 24 hours. After 24 hours, open the bag. Mix the meat around again, seal the bag and refrigerate for another 24 hours (48 hours total). Remove meat from marinade and dry each piece with a towel. Preheat smoker to 180° with prepared applewood chips. When you start getting a nice smoke, place jerky slices in the smoker. Cook until done through but still bendable with little crackage. Place in a slightly opened unsealed Ziploc bag while warm. After the meat reaches room temperature, seal the bag air tight. Use as needed. There are no added preservatives in this so, it will not have a long shelf life. You can refrigerate or freeze to add shelf life. Enjoy! *Hint: You can put 1 tsp of liquid smoke in the marinade if you choose a dehydration or oven baking method.*

Greater Atlantic City Concierge Association's Hot Spot:  
**Hell's Kitchen**

((Picture it, Long Island, 2005. It's May 30th, an unseasonably cool night. It's 30 second to airtime and I'm panicking my popcorn won't be done in time. My anxiety is kicking into to overdrive because I cannot miss this. The microwave's ding reverberates off the walls of my barren kitchen. . . . Barren because I am having the kitchen repainted so everything, including the furniture is currently nestled on the back porch under a tarp, including all wall decor. I grab the piping hot bag of popcorn and hobble to my oversized chair in the living room. I'm on bed rest during this time period. I awkwardly flop down just as the intro begins, the open bag of popcorn spilling everywhere. The intro music. . . not the biggest fan, but ok. . . I watch Gordon Ramsey look at every contestant with utter disdain as little fire bursts flutter across the screen. . . a devilish grin involuntarily begins to appear on my face. . .)). Yep, that's right, I had the biggest crush on Gordon Ramsey. So, you can imagine how excited I was when I got wind he was bringing my beloved Hell's Kitchen to life in Atlantic City. Granted, it took me forever to get myself there after they opened because like I've explained multiple times in the past, I have no social life, but when I did, oh man... Let's break it down. . .

Hell's Kitchen, the show, is a reality competition using a progressive elimination format to narrow down a field of 20 chefs to one single winner over the course of one season, and includes superb challenges, spiny curve balls, and deliciously rancid insults at random intervals. It is. Glorious. Hell's Kitchen, the restaurant, is Gordon's (yes we're on a first name basis) third restaurant in Atlantic City. This restaurant boasts design features that are a nod to both the red and blue teams featured on the show. The dining room design is engaging to literally all of your senses, with an air of fine dining elegance, but in the 7th circle of hell. The bustling, open-style kitchen is the centerpiece of this place, with mosaic tiles artfully framing the open space, allowing guests a view from every seat in the house. And we cannot forgo mentioning the EPIC ceiling arrangement of metal pitchforks. If you're sitting directly beneath it like I did, your dinner is even more enhanced by a slight fear of impending doom!

I embarked on this culinary adventure with my husband (hi, Mike!) and our friends (shout out to Dave, Jen, Tommy, and Alysha!). Naturally the moment we were seated my eyeballs went directly to their specialty drinks, because as we well know, Mama likes her juice. We all ordered a few different tasty cocktails. I ordered the Meet Your Maker, and oh my Lord was it glorious. Made with Maker's Mark Bourbon, Domaine de Canton, Fresh Mint, Apple, and Strawberry. The other mentionable cocktail I adored is their Queen's Platinum Jubilee, made with Empress

1908 Gin, Lillet, and St. Germaine Fever Tree Mediterranean Elderflower Tonic, both floral and refreshing, and kindly note it can potentially go down WAY too quickly. But that's for another time, and probably on a different platform of reading. Next, we ordered a ridiculous number of appetizers, because why not. From the Lobster Risotto, and Wagyu Meatballs, to the Pan Seared Scallops and the Steak Tartar, nothing disappointed. My husband, Mike, decided to go baller and do the Prix Fixe, which although priced at \$115.99, was a pretty good deal, considering the menu's price points, and included a full portioned appetizer, Gordon's signature Beef Wellington, and dessert, their Sticky Toffee Pudding. It was indeed sticky, again, for a different reading platform. While everyone went all fancy and ordered probably what sounded like the most interesting items on the menu for dinner, I went and got the Brick Pressed Chicken, after which everyone teased. What could I say? I was just in the mood for chicken. And it was, of course, delicious. And yes, I have no shame admitting I did, in fact, lick the plate.

And sure, I could go on and on and on about the food. We know it's good, it's Gordon Ramsey. What I really want to mention, though, is their service. For the sake of sounding like a snob for a second, I am extremely hard to impress when it comes to dining service. And why wouldn't I be, I forged years of experience schlepping food and drinks to people, so I have a very high opinion of deserving reviews and gratuity for that matter. I am not, by any means, rude to staff at venues, but I always take silent derisive notes when a server, bartender or host are lackluster. I have standards. But at Hell's Kitchen I couldn't help but make quietly captivated nods. From the way the menus were handed to us, and the manner in which they poured water, to their process of making suggestions and taking orders, and how my napkin was magically folded when I would return from the bathroom (again, for another reading platform), it was clear that although we were in Beelzebub's Dining Room, with lots of voices buzzing and kitchen utensils clanging, potential clandestine business deals going down, and laughter throughout, we were in a fine dining establishment, nonetheless. Plus, they have this super cool screen upon first entrance where you can take a picture with Gordon Ramsey looking at you with disapproval. It's awesome.

Go see for yourself. Located in Caesar's Atlantic City on the main floor in the Casino. Reservations are recommended, and so are healthy appetites!

## FROM THE HEART OF ATLANTIC COUNTY MAGAZINE

### Six of Crows by Leigh Bardugo

Described as Game of Thrones meets Ocean's Eleven, Six of Crows is set in the Grishaverse – like the award-winning Shadow and Bone trilogy, which is now a major Netflix show. In fact, the show might be called Shadow and Bone, but it draws from the cast of characters in Six of Crows, too. Six of Crows begins in Ketterdam, a raucous, busy hub of trade with an underbelly of crime. Kaz Brekker is a criminal mastermind who's offered the chance to carry out a risky heist with a considerable reward. He handpicks a team to help, including a convict, excellent sharpshooter, and a spy – six outcasts in total, all trying to pull off the ultimate heist.

### A Court of Thorns and Roses by Sarah J. Maas

Imagine Beauty and the Beast but ramp up the romance and fantasy even more, transform Beauty into a huntress and Beast into some kind of fantastical faerie lord and that's A Court of Thorns and Roses. Sara J. Maas might have used the classic fairytale as a starting point for this epic fantastical romance, but it's a brilliant story in its own right. So much so that it's the first in a best-selling series of the same name. A Court of Thorns and Roses begins with Feyre, a huntress who kills a wolf to feed her family. But this was no ordinary wolf. In fact, it wasn't a wolf at all and Feyre has to face the consequences of her violent actions.

### The Grip of Darkness: Divinity by Kristoff Baggan

Kristoff Baggan's debut novel, The Grip of Darkness: Divinity, is a spellbinding exploration of the supernatural that takes readers on a thrilling journey through the mysterious village of Nueyo. Centered around the Ricky, an introverted teenager who is unexpectedly thrust into a world of magic and mystery, Baggan weaves a tale that not only captivates with its supernatural elements but also delves deep into the complexities of the human condition.

## Fantasy Adventures to Keep Your Blood Hot in Cold Weather

### The Golem and the Djinni by Helene Wecker

Helene Wecker's debut novel is an eerie tale of two magical creatures set loose in 19th century New York. A golem – a mythical creature of Jewish lore – awakens during a sea voyage, and is taught to pass as human among the diverse groups of people living in the city. At the same time, a tinsmith in New York accidentally frees a genie from a flask after centuries of imprisonment, but he's trapped in human form seeking a way to return to his full power. The pair meet and become friends, and must team up to counter an evil sorcerer who wants to enslave them both.

### Good Omens by Terry Pratchett and Neil Gaiman

Both Pratchett and Gaiman feature in their own right on this list and Good Omens, composed in part over answerphone messages three decades ago, delivers on the promise of a fantasy literature titan team up. It's the extremely silly story of an angel, Aziraphale, and a demon, Crowley, played with glee by Michael Sheen and David Tennant in this year's Amazon Prime Video series, trying to stop Armageddon. Most fantasy books ask for a serious commitment but Good Omens is a fully formed, read-in-an-afternoon treat.

### The Dresden Files by Jim Butcher

Harry Dresden is a professional wizard in a version of modern-day Chicago where fantastical creatures lurk just underneath the surface. He makes his living as a private detective, solving cases that bridge the worlds of the real and the uncanny. In Storm Front, the first book in long-running series The Dresden Files, he finds himself duelling with vampires, werewolves, and the mob.

# HEALTHFUL LIVING

A Weekly Guide to Health Awareness

## YOGA POSE OF THE WEEK - Garland Pose (Malasana)

Garland Pose (Malasana) is yoga's deep squat. It opens your hips and groin in counterbalance to the tightness you can develop from sitting too much. You can make use of props for support at first so you can do the pose in a way that's not painful. Then work over time to slowly wean yourself from the props by lowering them little by little. It can be a long process, but it works and is important for your long-term mobility and for pain prevention. Garland pose is an effective way to counter the tightness you get from spending too much time sitting in chairs.

## VITAMIN HIGHLIGHT - Vitamin A

Vitamin A, also known as retinol, has several important functions. These include:

- helping your body's natural defence against illness and infection (the immune system) work properly
  - helping vision in dim light
- keeping skin and the lining of some parts of the body, such as the nose, healthy

# Three Things to Know About Real Service Animals

Since service animals are **not required** to wear a vest or have other ID, here's three ways to recognize a **legitimate** service animal.

## 1. Real Service Animals Perform Specific Tasks.

Service animals are working dogs, not pets. They may range in size and breed but ALL are specially trained to do work or perform tasks that are directly related to a person's disability. When it's not obvious what service the dog provides, staff may ask two questions: (1) is the dog a service animal required because of a disability, and (2) what work or task has the dog been trained to perform.

## 2. Real Service Animals Are Trained to be Calm.

From an early age, service animals are carefully exposed to a variety of environments and situations. They are socialized with people, other animals, and taught basic obedience. By the time they become service animals, they are confident, well-adjusted, and able to reliably perform their essential services, no matter what. Without such training, dogs may become overly stressed, leading to inappropriate behaviors that are not suitable for public places.

## 3. Real Service Animals Are Well Behaved in Public.

When service animals are working, they are not permitted to repeatedly bark, growl, jump, lunge, or freely wander around. They don't bite or harm people or other animals, and they don't urinate and defecate on the floors. If a particular service animal is out of control and the handler doesn't take effective action to control it, staff may request that the animal be removed from the premises.

Despite his rough start he's a very loving boy that can't wait to have his own person to snuggle with.

## ITCHY DOGS AND DUST MITES

Submitted By  
**Patsy Nelson**  
 from The Wagging Tail

This week I decided to really attack the possibility of dust mites, especially in my bedroom where I have carpet, and where my pets spend most of their sleeping time. I use a larger top sheet to cover my blanket, so I don't have to wash the blanket as often, just the cover-sheet. Then I went to The Wagging Tail and as I was getting Zoey out of her car seat, one of my customers walked by with her just-groomed Shih Tzu. We chatted and she remarked about the very large hot spot on her dog's back. She said she thought it was from dust mites. I thought that was one of those unexplained coincidences, this one relating to dust mites. Humans can have the following symptoms related to dust mite allergies: sneezing, runny nose, itchy, red, or watery eyes, nasal congestion, postnasal drip, cough, facial pressure and pain, swollen, and/or blue-colored skin under your eyes. (In a child, frequent upward rubbing of the nose.) In severe cases, asthma could result. I have suffered from the first six symptoms. I have not been tested, but I do take medication.

After meeting up with my customer's Shih Tzu, I decided to research how dust mites affect our pets. Dust mites are microscopic and resemble, to me, a cross between a tick and a beetle. According to an article called HEALTHY PETS, they are most commonly attracted to carpeting, bedding, mattresses, upholstery, and darkness. They are also fond of the moist, warm air we exhale during sleep. It sounds a bit disgusting, but it is a protein in their feces that causes our allergic reactions. Dust mites are a year-round problem, being more severe in the spring and fall.

This may be an aha moment, but one of the symptoms in pets is recurring ear infections!! How many of our pets are plagued with that?! Also, pets may be itchy, especially around the face and feet, or have skin issues including inflammation and seborrhea. Animals can be tested via skin or serum. Felines with dust mite allergies, may develop eosinophilic granuloma complex that results in skin lesions: itching; acne on the chin (which we see in some of the cats at our store even though we do not use any plastic dishes); recurrent ear inflammation or infections; and a disease of the foot pads called plasma cell pododermatitis, or "pillow foot."

Treatment will take some effort on your part, as in keeping bedding, furniture, and floors as dust free as possible. Just like with bed bugs, heat is your friend, so wash everything in hot water, or dry on a hot temperature setting. Or you can use cold water with tea tree oil added to it. The article suggests airing out bedding on a very cold or very hot day for at least twelve hours. And regularly thorough vacuuming. It is best to have a vacuum with a HEPA filter. Steam cleaning carpets and upholstery. Using mattress covers that are micro-porous anti dust mite. Something I have recommended to customers is covering your pet's bed with a pillowcase or sheet so that you only need to wash the cover, which will prolong the life of the bedding. This article suggests that as well, to assist on removal of dust mites. Other recommendations, according to the article include regular foot soaks and baths, (see my article on yeast infections for homemade foot soak) proper diet and supporting the immune system. We have a hemp based immune-strengthening supplement. Always provide fresh, good-quality drinking water, and avoid over-vaccinating/over-medicating to keep your pet's immune system healthy. (I am strongly of the opinion that usually rabies shots and heartworm preventative, are sufficient for our house pets.) Getting an air purifier and switching to non-toxic cleaning products will help. Milk Thistle drops (see my article on Milk Thistle) to clean toxins out of the pet's system. "Keep in mind it only takes a miniscule amount of dust mite allergen to create an allergic response in your dog or cat. Thus, the more effective your mite eradication efforts, the more comfortable your allergic pet will be."

Thanks for helping to keep a small business in business and to all who picked us as the best pet store 2022/2023! (We will soon have more adorable kittens up for adoption or just petting in our shelter.)

**ST. PATRICK WAS A DOG WHISPERER TOO**

In the month of March, people of all ethnic backgrounds traditionally wear green and hoist a glass of beer to honor the Irish St. Patrick. Few of them know that the good Saint's background includes his affinity for and expertise with dogs.

St. Patrick was actually a Roman by the name of Maewyn Succat, born in 387 AD in either Kilpatrick, Scotland or Banwen, Wales. At the age of 16, Maewyn was captured by Irish raiders and sold as a slave to the Irish chieftain Milchu of Dalriada. For the next six years, Maewyn tended his Irish slave master's sheep and pigs in the Braid valley of Ireland. There, he learned both the Celtic language, and the ways of the Irish herding and hunting dogs. He lived and ate among the farm animals, and slept curled up next to his dogs for warmth.

There are many legends about St. Patrick's early years, but one stands out for dog lovers to this day. It's said that his favorite sheepdog appeared to him as an angel in a dream, alerting him to the presence of a ship on the Irish coast on which he could escape. Maewyn left that night and, after stumbling across more than 200 miles of Irish countryside, arrived at a ship bound for Gaul that was loaded with Irish Wolfhounds and other large breeds, assembled by dog dealers bent on shipping them to the continent to be used against wild animals and gladiators in the Roman arenas. The dealers refused his pleas to come aboard, until they noticed that his presence had a soothing effect on the agitated animals. Maewyn offered to trade his expertise with canines for passage across the waters, and finally, the traders agreed.

While the journey — first to Ireland and then to Spain — was filled with peril and all aboard nearly died, Maewyn was finally allowed his freedom. After selling the dogs, he headed to Tours, France (Gaul), where he joined St Martin's Monastery. There, he became a devout Christian and was

renamed Patricius by Pope Celestine I.

In 432, the Pope sent him back to Ireland. According to the lore, he was met upon arrival by Dichu, an Irish pagan prince, out hunting with his favorite Wolfhound, Lauth. The Prince immediately ordered Lauth to attack, but when Patrick stretched out his saintly hand, the dog bowed down and gently licked him. The Irish say that as a thank-you to all canines, St. Patrick allowed the Irish hero Ossain to take his pack of hounds with him to heaven.

Through a series of fabled exploits, St. Patrick converted a great number of Pagans to Christianity before his own death in 461 AD. As for the notion that he drove the snakes out of Ireland, it's simply not true. There were never any snakes in Ireland! What St. Patrick did was begin to rid Ireland of the influence of Paganism, which was often associated with twisted, snake-like Celtic line-drawings of animals. There were no snakes. But there were plenty of dogs.

## Ides of March – March 15, 2024

Beware the Ides of March, or at least, be aware of when “the Ides” even takes place (March 15). The word “Ides” is derived from the Latin word “idus,” which refers to the middle day of any month in the ancient Roman calendar. The Ides are specifically the fifteenth day of the months of March, May, July, or October, and the thirteenth day of the remaining months. The Ides were the designated days for settling debt each month in the Roman empire and generally included the seven days preceding the Ides for this purpose. No doubt debtors who could not pay their debts considered the Ides to be unlucky days as they were typically thrown into prison or forced into slavery.

### HISTORY OF IDES OF MARCH

The unlucky pall over the Ides of March has a more portentous tie to ancient Rome. Roman Emperor Julius Caesar was famously unlucky on the Ides of March in 44 B.C. when he was assassinated by his senators, fearing their ruler was becoming a dictator.

Movies often distort historical events to make them more entertaining for the sake of drawing bigger audiences and better reviews. The same was true when English playwright William Shakespeare wrote his famous tragedy “Julius Caesar.”

Much of what we commonly believe to be true about the demise of the unlucky emperor on that fateful Ides of March is based more on Shakespeare’s play than historical evidence, according to author Barry Strauss. His book “The Death of Caesar” dismantles the half-truths about the ruler’s tragic end on the Ides of March in 44 B.C. Here are three myths he calls out about the Ides of March killing of Emperor Julius Caesar:

**Myth #1:** Julius Caesar was admonished to “Beware the Ides of March” by an unknown Soothsayer. **False:** The omen was actually “Beware the next 30 days” and was prophesied on February 15, 44 B.C. by an Etruscan Soothsayer named Spurinna.

**Myth #2:** Brutus was Caesar’s best friend and led the assassination plot. **False:** There were in fact three conspirators: Brutus, Cassius, and Decimus. Decimus was known to be most trusted by Caesar and is considered to have been the leader of the murder conspiracy.

**Myth #3:** Caesar nobly uttered “Et tu, Brute” (you too, Brutus) with his dying breath. **False:** Caesar singling out Brutus as he lay dying was an invention of the Renaissance movement. The emperor was a trained soldier who fought for his life, tried to escape the ambush, and never uttered these words.

### TRADITIONS OF THE DAY

Historically, this day was originally the date on which Romans settled their debts. Other ancient traditions on this day included the slaughter of a sheep, the ‘Ides sheep’, by Jupiter’s high priest; the feats of Anna Perenna, the goddess of the year, to celebrate the first full moon of the year with drinking, picnics, and lively festivities; and in the ‘holy week’ of festivals during the Imperial Period, which celebrated the goddess Cybele and the god Attis.

### HOW TO OBSERVE IDES OF MARCH

- Repay a debt - In honor of the ancient Roman tradition of paying debts on the Ides of March or of any month, repay a debt. You’ll get some feel-good mo-jo in return from the friend who loaned you money that you somehow have managed to not yet repay.
- Plan A Roman Holiday - Turn the Ides of March into a living history lesson. Plan a trip to Italy to explore ancient Roman ruins of the city where Julius Caesar once ruled as the Emperor of the Roman empire and perished at the hands of his trusted advisors.
- Toga Party! - When it comes down to it, the Ides of March was basically a huge argument about politics. Is there any political issue that you feel extremely passionate about? Contact your local government official or start an email-sending campaign with your friends. In honor of Julius Caesar, you should exercise your right to participate in politics.
