HOROSCOPE

JANUARY 18 - JANUARY 24, 2024

ARIES (Mar. 21 - April 20)

This week, Aries, your focus on career and long-term goals is heightened by Capricorn's influence. You're driven to achieve, but remember to balance ambition with the innovative energies of Aquarius that are on the horizon. The First Quarter Moon in Aries mid-week pushes you to take decisive actions towards your aspirations.

TAURUS (Apr. 21 - May 21)

Taurus, as Jupiter transits through your sign, you feel a surge of optimism and growth in personal development. The transition from Capricorn to Aquarius later in the week encourages you to broaden your horizons and embrace new ideas. The Taurus Moon towards the weekend grounds you in practical matters.

GEMINI (May 22 - June 21)

Gemini, you're inspired to delve deeper into intellectual pursuits this week. The Capricorn energy emphasizes structured learning, while Aquarius's impending arrival sparks your curiosity for unconventional knowledge. The Gemini Moon over the weekend aligns with your natural inquisitiveness.

CANCER (June 22 - July 22)

Relationships and partnerships come into focus, Cancer. The Capricorn Sun highlights your need for security in relationships, but as it moves into Aquarius, expect a shift towards seeking intellectual connections and shared visions for the future.

LEO (July 23 - Aug 22)

Leo, your attention is on balancing personal goals with responsibilities. As the Sun moves into Aquarius, you'll feel a pull towards community involvement and humanitarian causes. This week challenges you to find harmony between your individuality and contributions to the larger society.

VIRGO (Aug. 23 - Sept. 23)

Health and daily routines are your focus, Virgo. Capricorn's influence has you setting up structured health goals, but don't lose sight of Aquarius's creative approach to wellness. The Moon's transition suggests incorporating innovative methods into your routines.

LIBRA (Sept. 24 - Oct. 23)

Libra, this week is about finding joy and creativity within structure. The Capricorn Sun has you appreciating the beauty of order, but Aquarius's arrival invites you to experiment with new forms of expression. Balancing these energies leads to fulfilling creative endeavors.

SCORPIO (Oct. 24 - Nov. 22)

For Scorpio, family and home life are in the spotlight. Capricorn's influence urges you to solidify home structures, while Aquarius encourages you to embrace changes in family dynamics. This week is about blending tradition with innovation in your personal life.

SAGITTARIUS (Nov. 23 - Dec. 21)

Sagittarius, this week is a blend of adventure and responsibility. While Capricorn's influence keeps you grounded, Aquarius's imminent arrival ignites your desire for new experiences. Your challenge is to find a balance between fulfilling your responsibilities and exploring new horizons.

CAPRICORN (Dec 22 - Jan. 20)

Capricorn, as the Sun spends its last days in your sign, focus on finalizing projects and setting new goals. With the Sun's shift into Aquarius, prepare to embrace a more innovative approach in both personal and professional life. This week calls for a balance between tradition and modernity.

AQUARIUS (Jan. 21 - Feb. 19)

Aquarius, this week is significant for you as the Sun enters your sign. It's a time of renewal and fresh starts. Embrace your unique qualities and prepare to lead with your innovative ideas. The cosmic energy supports your endeavors in bringing positive changes.

PISCES (Feb. 20 - Mar. 20)

Pisces, with Saturn in your sign, you're feeling more grounded and responsible. As the week progresses and the Sun enters Aquarius, focus on your spiritual growth and humanitarian goals. Your intuition is heightened, guiding you towards fulfilling your higher purpose.

HEALTHFUL LIVING

A Weekly Guide to Health Awareness

YOGA POSE OF THE WEEK - Extended Side Angle (Utthita Parvakonasana)

Extended Side Angle Pose is often taught in Vinyasa flow classes as part of a standing sequence. It is a great opportunity to deepen into a classic shape with a focus on balance, breath, and extending through the side body. You might also use it to prepare for poses that have a wide groin spread, such as Bound Angle Pose or Wide-Angle Seated Forward Fold Pose. Extended Side Angle strengthens and stretches the legs, hips, and hamstrings. It also opens the chest and shoulders, which can be beneficial if you have any stiffness in your shoulders or back. Extended Side Angle is also a great side body stretch.

EXTENDED SIDE ANGLE POSE

TIP

Open your chest and make sure your left shoulder is aligned over your right shoulder.

VITAMIN HIGHLIGHT - Calcium

Calcium has several important functions. These include: helping build bones and keep teeth healthy, regulating muscle contractions, including your heart-beat, making sure blood clots normally.

A lack of calcium could lead to a condition called rickets in children, and osteomalacia or osteoporosis in later life. Sources of calcium include: milk, cheese and other dairy foods, green leafy vegetables, bread and anything made with fortified flour, fish where you eat the bones – such as sardines and pilchards.

Why Donate Blood?

You don't need a special reason to give blood. *You just need your own reason.*

- Some of us give blood because we were asked by a friend.

- Some believe it is the right thing to do.

Whatever your reason, the need is constant and your contribution is important for a healthy and reliable blood supply. And you'll feel good knowing you've helped change a life. To learn more, visit www.redcross.org

SLOW COOKING

Slow cookers generally have two or three settings: low heat, medium heat or high heat. Crockpots feature many more temperature settings allowing for greater flexibility when adjusting the cooking temperatures for certain recipes. Make everything from stews, curries and even deserts in easy to use slow cooker. Just simply add your ingredients and let the machine do the work- perfect for busy weeknights and family dinners. Please enjoy this recipe from my cookbook "Nancy's Recipes for Life" available at my Linwood office location.

Slow Cooker Salsa Chicken
4 boneless skinless chicken breasts
1 pkg reduced sodium taco seasoning
1 c salsa
1 can reduced fat cream mushroom soup
1 tbsp. non fat sour cream

Add chicken to slow cooker. Sprinkle taco seasoning over chicken. Pour salsa and soup over chicken. Cook on low 6-8 hours. Remove from the heat and stir in sour cream. Serve with brown rice.

Big Phil and Little Steven
 2023 Match of the Year

"With every project we work on, Phil has a life lesson. He always tells me to make sure I am grateful for what I have but to also strive to be better." - Little Steven

Phil and Steven were our 2023 Match of the Year! The pair were first matched in 2018 and have been friends ever since. Steven's mom recognized that he could use some extra support as he'd been struggling with bullying and his grades were failing in school. He had some really tough, down times where he talked about life not being worth living and she was scared he would take his own life. Phil was not swayed by the challenges in Steven's life and was there for him through these difficult times. Within no time at all everyone could see things changing for the better for Steven. Matches like Phil and Steven's are only possible with donations like yours. There are still lots of kids in our area who are still waiting to be matched with a Big. Today, you can help change that! Your gift will directly support more mentor matches like theirs.

- 1 Trimmed Venison Tenderloin
- 1 Tbsp Olive Oil
- Kosher Salt & Fresh Cracked Black Pepper to Taste

For Garnish:
• Fresh Cilantro Leaves

For Sauce:

- 3 Tbsp Canned Chipotle Peppers in Adobo Sauce
- 1 Tbsp Tomato Paste
- 1/4 cup Rough Chopped White Onion
- 1 Clove of Garlic
- 1/8 tsp Ground Cumin
- 1/2 tsp Smoked Paprika
- 2 Tbsp Cider Vinegar
- 1/2 tsp Lime Juice
- 1 Tbsp Honey
- Kosher Salt to Taste

PREPARATION:

Prepare the sauce ahead of time. Place all the sauce ingredients into a food processor. Pulse on high until smooth. Refrigerate until ready to use. Preheat grill to medium high heat. Rub the tenderloin w/ oil. Season w/ salt & pepper. Spray preheated grill w/ nonstick spray. Place tenderloin on grill. Cook to medium rare, grilling all sides. Allow meat to rest for at least 5 minutes before slicing. After you slice the meat, you can fan it out & pour the sauce over the top. Garnish w/ cilantro leaves. *Hint: You can serve this chilled or room temperature. I like to let the sauce refrigerate for at least eight hours before use. This recipe works well w/ any red meat as well as poultry & many other items.*

One-Liners Day ~ January 21, 2024

One-Liners Day is celebrated every year on January 21 in honor of the classic one-liners that have left us stunned, momentarily confused, or rolling on the floor laughing with tears in our eyes. Did you know the first piece of comedy was written over 2,500 years ago in ancient Greece? One-liners are jokes or witty remarks or answers delivered in a single line or sentence. Comedians and actors in their acts usually employ this comedic method. Some of the most famous one-liners include: "I have nothing to declare except my genius" (Oscar Wilde), "Just when I thought I was out, they pull me back in" ("The Godfather"), and "My precious" ("Lord of the Rings").

HISTORY OF ONE-LINERS DAY

The history of one-liners is a history of comedy. Their appearance in literal form can be traced to ancient comedic plays before they were adopted in films.

The first known set of comedic plays was written starting from 425 B.C. in ancient Greece by the comic playwright and satirical author Aristophanes. In his 335 B.C. work, "Poetics," Aristotle explained the origin of comedy — from phallic processions and the light treatment of the otherwise base and ugly — and divided comedy into three sub-genres: farce, romantic comedy, and satire.

Comedy took a different meaning in the 16th and 17th centuries. It was light-hearted and sometimes used to defy authority. An example of the former is Shakespeare's "A Midsummer Night's Dream," and the "Punch and Judy" show is an example of the latter. "Punch and Judy" went against the puritanism spirit of that period and went over so well with audiences that they were transformed into hand puppets, becoming popular in Britain. "Punch and Judy" was the equivalent of today's political cartoons.

The early 19th century saw the rise of pantomime, which included slapstick comedy and sketch comedy without dialogue. This form of comedy was developed by Fred Karno, English music hall comedian and theatre impresario, in the 1890s. Charlie Chaplin and Stan Laurel were two of the most popular comedians that worked for Karno's company. This era also witnessed the first mainstream clown, Joseph Grimaldi.

American vaudeville appeared in the 1880s until the 1930s, when it waned in popularity, and with its rise came the beginning of popular entertainment as big business. The introduction of cinema, radio, and television in the 19 and 20 centuries increased the popularity of comedians and allowed them to reach more people. Some of the prominent comedians of this era were Charlie Chaplin, Rowan Atkinson, and Bozo the Clown.

ONE-LINERS DAY ACTIVITIES

- Watch movies that have some of the best one-liners - Cinema delivered some of the best one-liners we know, and most are still relevant today. You can find these one-liners in "The Godfather," "Titanic," "The Shawshank Redemption," and "Rocky." Use this One-Liners Day to watch or rewatch them.
- Show off your best one-liners on social media - How good are your one-liners? Mind you, we are not talking about pick-up lines. If you think you're good at saying something witty and funny in one sentence, you can show off your skills on social media. A platform like Twitter is perfect for such things.
- Perform a stand-up comedy show - One-liners are one of the essential elements of stand-up comedy. You can string your one-liners together or comic lines and deliver them at a stand-up comedy show. Organize your private show and invite friends, family, and neighbors, including those interested in performing.

Chivalry by Patrick Girondi

From the eccentric and riveting author/singer/CEO Patrick Girondi, an aspiring author stumbles onto a manuscript that became a bestseller. He must find the true author, a peculiar war vet from Iraq who lives as a homeless person.

Isa, a Gulf War sergeant, silenced a snitch to save his platoon from a murder rap. He now lives namelessly on the streets of New York, shielded by police, formerly of his old platoon. For now, in limbo, Isa writes books. He spots his daughter, who has no idea who he is, on the bus. Full of emotion, he accidentally forgets a manuscript.

Bob Herman finds a woman who plagues his dreams and a manuscript he can't put down. Herman wins Isa's daughter. To keep her, he needs another bestseller and sets off to find the true author. Purchase at <https://bit.ly/4417hV5>.

Abandoned by MHR Geer

It should have been enough. In this newest Anne Wilson thriller following the author's debut "Assumed," our protagonist had the perfect boyfriend and the perfect Caribbean villa. It should have been her happily-ever-after. But her past overshadows her sunny life. On an impulse, she ditches all of it and flies to Guadeloupe. A new island. A fresh start.

But starting over is impossible with so many loose ends.

Only twenty-four hours after Anne arrives in Guadeloupe, Sandy's friend hands her a backpack full of cash, and Anne is plunged back into Sandy's world. When someone breaks into her motel room, Anne goes on the run. Someone knows about the money. Someone wants her off the island. She has to decide: Keep running or risk everything to protect her perfect life? "My characters end up with my flaws, and I get to work through solutions. It's like beta-testing better versions of myself," the author says. Purchase at <https://bit.ly/3tMADcp>.

Do you wake up every day with a sense of purpose, inner peace, and knowledge that you are living your very best life? The ideal state of emotional fulfillment is what author Y.P.R. refers to as Happiness. The ideal form of noble day-to-day action is what he calls Heroism.

Happiness & Heroism: The School of Being, The School of Doing is a two-book series consisting of two letters from a father to his children that impart lessons on loving life and walking a noble path. Pet of the Week

LUCY

Lucy is still patiently waiting for her forever home. She is a 4.5 year old Shepherd mix who has lots of love to give. Lucy was adopted from HSAC as a younger pup. Unfortunately due to divorce she has found herself homeless. She is a true companion dog wanting to be with her person/people and doesn't understand why she's stuck in a shelter. She can be a little timid meeting new people but quickly turns into a "shadow" dog wanting to be right with you.

PPAWS - People & Puppies at Work for Sight "MEET THE PACK!"

Talk about making a PAWS-itive impact!

Becoming a puppy raiser or sitter makes a difference not only in those matched with a Seeing Eye dog but also allows you to join a community like no other. Seeing Eye puppy clubs consist of people of all ages and walks of life who all share the desire to help others.

A puppy raiser is the primary caretaker for a Seeing Eye puppy for about one year. A puppy sitter is someone who is available to help care for a puppy for short periods of time (typically for a night or weekend) when their primary caretaker cannot. This is a great way to get started in puppy raising, or to help out if you cannot commit to raising a puppy full time. We could not continue our mission without all our amazing volunteer puppy raisers and sitters.

If you are interested in joining our puppy raising community, please visit seeingeye.org/raise

PD: A collage shows photos of a yellow Lab/golden retriever cross puppy sound asleep in a Seeing Eye staff member's arms, a German shepherd wearing a Seeing Eye puppy raising bandana sitting amidst daffodils with his head tilted, a young girl with the black Lab/golden retriever cross puppy she is raising sitting at her side, and a group shot of a puppy club sitting together at a park with puppies of all breeds. Text reads, "Join Our Family – Raise a Seeing Eye Puppy – seeingeye.org/raise"

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye. Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. These volunteers nurture their puppy to accomplish its special destiny. If you are interested in raising a puppy for The Seeing Eye, call Peter at (609)804-8774 or visit seeingeye.org/raise for info.

Now is the Time to Take Control Before Winter Power Outages

(NewsUSA) - For homeowners across the United States, cold weather can cause heightened concern each winter. Severe weather events themselves threaten safety and comfort, but they are made even more dangerous when ensuing power outages cut off access to much-needed heat and electricity.

With the National Oceanic and Atmospheric Administration predicting a wetter winter due to El Nino*, a large area of the US is expected to see above-average precipitation, which could fall in the form of rain, snow or an icy mix of both. These weather events can contribute to power outages during the winter, with the potential to leave people without power for hours or days amidst the cold. High demand for energy in the winter can also put added strain on the electrical grid, threatening the grid's stability and reliability. Winter outages can often occur at unexpected times, making it essential to be ready ahead of time. According to the recent FEMA 2023 National Preparedness Report, only slightly more than half (51%) of Americans believe they are prepared for a disaster.**

"In the last 10 years of tracking outage data, we've seen almost 20% more households impacted by power outages during the winter months when an El Nino event is active," said Kyle Raabe, president of Consumer Power for Generac. "Managing your household's plan ahead of time and securing a source of backup power can give homeowners one less worry during times of heightened concern and extreme cold weather events."

Taking Control Before, During and After Winter Power Outages

If an outage seems imminent...

- Turn your refrigerator and freezer to the coldest setting to help preserve perishable foods during an outage.
- Keep cell phones, laptops and tablets charged. This ensures you have a way to track updates on the weather and have a method of communication if you or a loved one needs help.
- Fill gas cans to run a portable generator. Along with routine maintenance, this will enable your generator to keep the power on during an outage.
- Make sure you know how to shut off water valves in your home if a pipe bursts and consider whether you should allow faucets to drip or trickle during cold weather to prevent freezing.

When an outage occurs...

- Keep your refrigerator and freezer closed so they maintain an adequate temperature inside.
- Monitor updates with a radio, television, or online resources like Power Outage Central. Have a battery-powered emergency radio in case you lose access to other methods of communication.
- If using a portable generator for backup power, follow a plan for safely starting your generator. Never use a generator inside the home or garage, even if doors and windows are open.
- Evacuate or go to a neighbor's home if yours is damaged or an emergency official gives the order.

Once power is restored...

- If there is severe damage to the home or you suspect a gas leak, leave immediately and contact local officials.
- Make a list of any missing or damaged property. Take photos of the home, yard and street and report any losses to insurance. Check in with loved ones via text messages or social media. Phone systems are often down or busy after a disaster.
- More information and seasonal preparedness tips on home backup power solutions and protecting homes and families from cold weather power outages can be found at generac.com/be-prepared/cold-weather-guide.
