## TAURUS (Apr. 21-May 21)

Forward-looking plans gain traction as confidence in your direction grows. Discussions around education, travel, or future commitments provide useful perspective. Commit only to what aligns with your evolving priorities.

## GEMINI (May 22-June 21)

Shared resources and deeper obligations remain in focus. Financial decisions or emotional agreements require honest evaluation. Clear boundaries now strengthen trust and long-term balance.

## CANCER (June 22-July 22)

Relationship dynamics continue to evolve through direct interaction. Conversations reveal where emotional needs and practical expectations meet. Mutual understanding grows when compromises are made thoughtfully.

## LEO (July 23-Aug 22)

Daily responsibilities demand consistency and refinement. Adjustments to routines, health habits, or work systems improve efficiency. Staying organized supports sustained energy through the week.

## VIRGO (Aug. 23-Sept. 23)

## LIBRA (Sept. 24-Oct. 23)

Home and family matters remain active and require attention. Practical decisions help stabilize shared environments or responsibilities. Emotional conversations benefit from structure rather than avoidance.

## SCORPIO (Oct. 24-Nov. 22)

Communication remains central as discussions move toward resolution. Important information requires precision, patience, and timing. Listening carefully proves just as powerful as speaking up. Clear expression keeps momentum moving forward.

## SAGITTARIUS (Nov. 23-Dec. 21)

Financial priorities and personal values guide decisions this week. Spending or commitments benefit from realistic assessment. Optimism is helpful, but details matter more than usual. Align choices with long-term goals for lasting satisfaction.

## CAPRICORN (Dec 22-Jan. 20)

Personal direction remains in focus as responsibilities deepen. Feedback and reflection help refine next steps. Measured progress strengthens confidence and leadership.

## AQUARIUS (Jan. 21-Feb. 19)

Attention turns inward as a new personal cycle approaches. Reflection highlights habits or patterns ready for release. Rest and quiet observation support clarity. Clearing space now prepares you for upcoming momentum.

## PISCES (Feb. 20-Mar. 20)

Group efforts and shared goals continue to take shape. Collaboration improves when expectations are clearly defined. You may need to speak up about your role. Unified focus strengthens progress and collective success.

## Greater Atlantic City Concierge Association's Spotlight: Island Waterpark Atlantic City

Submitted by: Judy Brenna, GACCA Communications Director  
Catering & Events Director, Blue Dog Hospitality Group

Hey, don't let summer be the only time you can enjoy warm weather and splashing around! Did you know Island Waterpark at Showboat is open all year round? It's the perfect escape from the cold. Their retractable awning lets in the summer breeze while keeping winter's chill out, so you can always enjoy a tropical paradise. With 11 thrilling waterslides, 4 great restaurants, 3 lively bars, and access to the world's largest arcade, your water park adventure is just a splash away! Island Waterpark has a tropical temperature of over 80°F all year long. Right now, they're open Fridays and Saturdays between 12 pm and 8 pm, and Sundays 12 pm to 7 pm.

Undoubtedly, their rides are exceptional: the Barracuda Blaster, which provides an exhilarating G-Force experience at every turn; the Adventure Pool, where guests can participate in various water sports; the thrilling and winding slide of the Electric Eel; and the Wild Wave Flow Rider, which offers the opportunity to master the art of surfing. However, one of their most remarkable features is the Island Drift Lazy River, which stretches nearly the entire length of the waterpark. This serene attraction allows guests to relax and float downstream, immersing them in the amenities and attractions of Island Waterpark. Additionally, the Blue Cascade Waterfall stands out as a remarkable man-made aqua form, ranking among the largest custom aqua structures globally. It is a true spectacle that captivates visitors.

However, their offerings extend beyond water slides, providing an array of amenities to enhance your unforgettable stay. Stroll their indoor boardwalk and promenade featuring year-round family programming with Jersey shore food and beverage staples. Experience the exhilaration of a wave rider lesson, navigate the Island-themed arcade, commemorate your special occasions with elegance, and rejuvenate in their locker rooms equipped with showers, changing stations, and secure storage for your valuables. Locker rentals are available within the range of \$15 to \$25.

If you're planning a party this is one of the most unique options, laughs and exciting guaranteed. Float down the lazy river, race with friends, surf a gnarly wave, or just go with the flow on our wickedly wet and wild water attractions for any occasion. Having trouble coming up with an idea for a large group? Groups of 20 or more have access to Group Discounts at Island Waterpark.

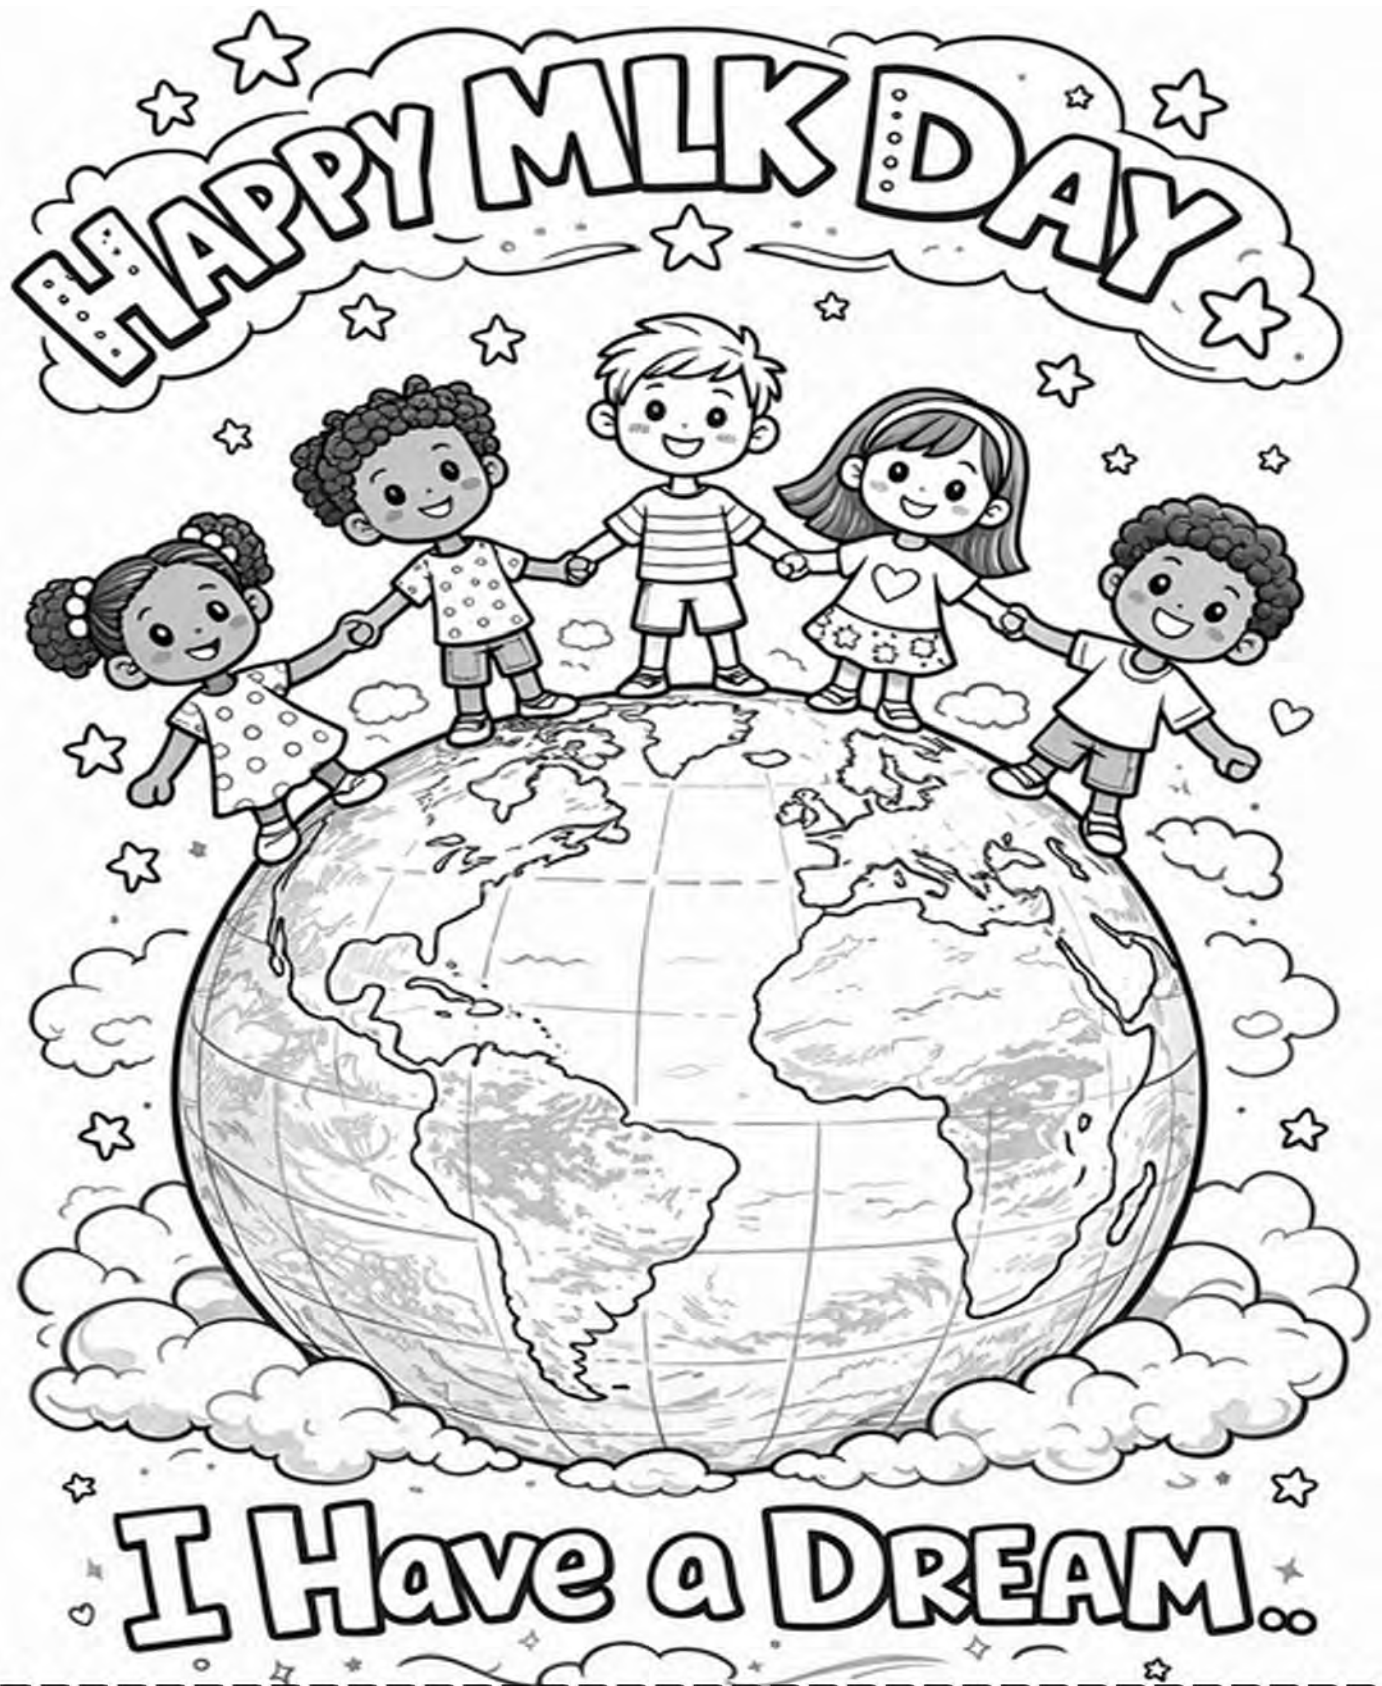

They even have an adult-only experience, perfect for birthdays and bachelor or bachelorette parties. Paradise Island is a tropical getaway where the summer vibes never end. Celebrate in style with a VIP Party Package, which includes bottle service, Island Waterpark admission, free parking, and more. Sip cocktails in the Bliss Pool at Atlantic City's only swim-up bar, catch the game on giant screens, or relax with a poolside massage at Aura Express Spa. Paradise Island is your ultimate destination for fun, relaxation, and unforgettable memories.

And if that wasn't enough, they even have a Mining Experience. Island Mining Company offers a unique time perfect for all ages! Pan and sift for real gemstones, fossils, and hidden treasures - just like the pioneers of the past. This is an amazing opportunity for families. Plus, you get to take home your finds in a keepsake gem bag.

The possibilities are endless at Island Waterpark. Fun in the sun all year round. Just don't forget a towel.

Kid Inventors' Day is celebrated on January 17 every year. This day celebrates the creativity and ingenuity of young people all around the world. You would be surprised to know how so many of the things that we use every day have been made by kid inventors! Kids have invented all sorts of things that have become common fixtures in our life. This includes earmuffs, popsicles, trampolines, Braille, and even the television. However, Kid Inventors' Day in particular celebrates the extraordinary life of Benjamin Franklin – one of the earliest known kid inventors. He invented swim flippers at the mere age of twelve!

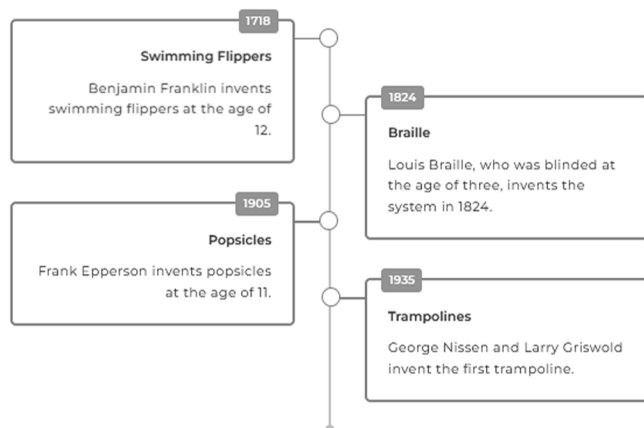

### History of Kid Inventors' Day

The origin of Kid Inventors' Day is credited to those who wanted to set aside a day to celebrate the achievements of young inventors and encourage creativity among the younger population. Kid Inventors' Day is a celebration of the remarkable creativity and purposefulness that every child is born with. With only a few tools and lots of freedom, a child can end up creating a unique contraption.

January 17 was chosen as Kid Inventors' Day since it is also the birth anniversary of the respected polymath, politician, and child inventor Benjamin Franklin. Benjamin Franklin is a man of many achievements but his earliest achievement was inventing swim flippers at the age of 12. He is a great model for every child – after all, children are naturally curious and creative. Franklin wasn't the only kid inventor and he isn't the last – over the years other children have invented many other things we continue to use today.

Things that we use every day such as trampolines, ear muffs, and popsicles were all invented by children. Some inventions by children have changed the lives of millions for the better. The most prominent example is the language of the blind, Braille, which was invented by kid inventor, Louis Braille. Examples such as these show that with proper encouragement, often brought along with celebrations such as Kid Inventors' Day, our world can be a better place with innovations pioneered by children. The day is celebrated at school and community centers with competitions, exhibits, and more.

### KID INVENTORS' DAY TIMELINE

### 5 Facts About Benjamin Franklin That Will Blow Your Mind

- 2 - Franklin invented the glass armonica - This musical instrument was used by Mozart and Beethoven.
- 3 - Franklin created a phonetic alphabet - His phonetic alphabet ditched C, J, Q, W, X, and Y and added six new letters, each designed to represent its own specific vocal sound.
- 4 - Franklin was a fashion icon in France - Franklin's plain dressing and fur hat became a rage all over France.

### Atlantic County's Next-Gen Inventors

National Kid Inventors Day is a reminder that curiosity is the first step toward discovery - and Atlantic County offers many ways for kids to explore and create. At the Boys & Girls Club of Atlantic City, members experiment with robotics, coding, and engineering challenges in after-school programs, building teamwork, problem-solving, and creative thinking. EHT PAL in Egg Harbor Township offers robotics programs including SeaPerch underwater robotics, FTC preparation, and Lego Spike/Mindstorms teams, giving students real-world challenges and competition experience.

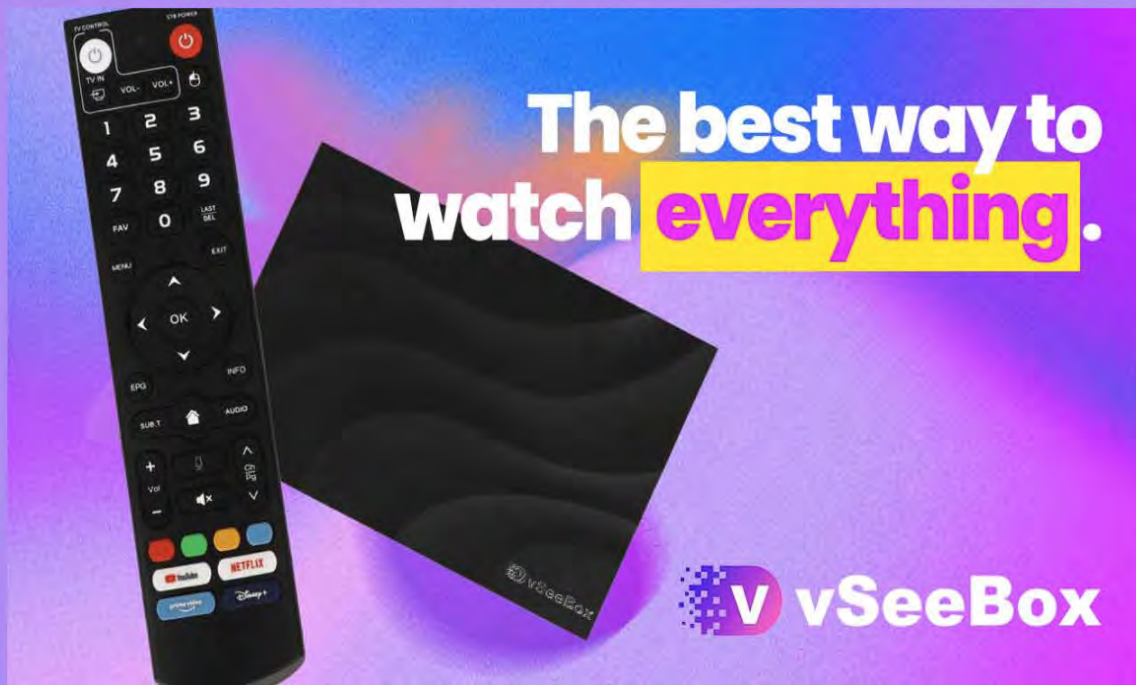

For younger kids exploring STEM for the first time, the Atlantic County Library System hosts workshops and maker programs where children can build, tinker, and explore science concepts with guidance. The Noyes Arts Garage combines art and invention, letting kids experiment with design, prototyping, and problem solving. Additionally, regional programs like Club SciKidz, Science Explorers, and Mad Science bring robotics, coding, and engineering to life through summer camps and after-school workshops at schools, libraries, and community centers across Atlantic County.

For the next level, students can pursue advanced STEM pathways through school programs. The Atlantic County Institute of Technology (ACIT) offers engineering courses, competitive robotics teams, and a STEM Club for enrolled students, while other public, charter, and magnet schools provide STEM courses, maker spaces, and project-based learning. Many programs are linked through the South Jersey STEM Ecosystem, connecting schools, community organizations, and Stockton University to provide mentorships, competitions, and year-round experiences that help young inventors apply their ideas in real-world settings.

**Absecon Lighthouse Celebrates 169 Years  
with Special Weekend Climb Events**

Absecon Lighthouse, New Jersey's tallest and the nation's third tallest masonry light, is marking a milestone this month: 169 years since the lighting of its historic first-order Fresnel Lens on January 15, 1857. To honor this enduring symbol of Atlantic City's maritime history, the lighthouse is inviting children 12 and under to climb for free during a special anniversary weekend, Saturday, January 17, and Sunday, January 18. Adults accompanying young climbers can also take advantage of a "two-for-the-price-of-one" climb offer.

Visitors ascending the lighthouse will have the chance to experience sweeping views of Atlantic City and the surrounding coastline, while walking in the footsteps of the keepers who maintained the light through nearly two centuries. The celebration not only commemorates the lighthouse's history but also raises awareness for its ongoing preservation. Donations are welcome and help keep this iconic beacon shining for generations to come. Those wishing to contribute can mail gifts to 31 S. Rhode Island Ave., Atlantic City, NJ 08401; donors receive a personal thank-you from Abby, the lighthouse mascot, in recognition of their support.

Absecon Lighthouse is a state-owned historic property administered by the non-profit Inlet Public/Private Association. The lighthouse is open to the public Thursday through Monday, from 11 a.m. to 4 p.m. For more information, call 609-449-1360 or visit [www.abseconlighthouse.org](http://www.abseconlighthouse.org). The lighthouse also receives support from the New Jersey Historical Commission, a division of the Department of State, and the New Jersey Economic Development Authority.

This anniversary celebration offers both history and fun for families, allowing a hands-on glimpse into one of Atlantic City's most beloved and enduring landmarks.

**Did You Know?**  
The assassination of MLK Jr. helped push Congress to pass the Fair Housing Act in 1968, banning housing discrimination based on race, color, religion, sex, and national origin. This law is still in effect today under federal and New Jersey law, and now also protects against discrimination based on familial status, disability, sexual orientation, gender identity, marital status, and source of income.

## Philadelphia's Teams Face High-Stakes January Stretch

As Philadelphia's sports calendar moves further into January, the city's major franchises have been navigating both promise and adversity, shaping expectations for the weeks ahead. The span of Jan. 7–13, 2026 offered fans a mix of playoff drama, offensive bursts, and tough stretches that are beginning to define each team's identity for the new year.

### Eagles: Narrow playoff exit closes season

Philadelphia's pursuit of consecutive Super Bowl titles ended on Jan. 11, when the San Francisco 49ers overcame the Eagles, 23–19, at Lincoln Financial Field in the NFC Wild Card round. After building a 13–10 halftime lead, the Eagles were unable to maintain momentum as San Francisco delivered a late touchdown drive highlighted by Brock Purdy connecting with Christian McCaffrey. A critical fourth-down pass from Jalen Hurts was tipped away in the waning seconds, sealing the Eagles' fate and bringing the defending champs' season to a close.

Hurts finished with 168 passing yards and a touchdown, while the offense struggled to consistently convert in pivotal situations. In the aftermath, Philadelphia made the decision to part ways with offensive coordinator Kevin Patullo, signaling a turn toward offseason adjustments as the team evaluates roster and scheme options for a rebound in 2026.

### 76ers: Offensive balance powers mid-January surge

On the hardwood, the 76ers continued to showcase their scoring depth and versatility. Philadelphia opened the week with a 131–110 win over the Wizards on Jan. 7, paced by Joel Embiid's 28 points and Paul George's 23, with Tyrese Maxey adding 22 points and eight assists as all starters finished in double figures. The team followed that with a 103–91 victory at Orlando on Jan. 9, as Maxey contributed 29 points and three steals and Embiid added 22 points and nine rebounds, blending defensive intensity with offensive efficiency.

Philadelphia then traveled to Toronto for a 115–102 triumph on Jan. 13, using an 80-point first half to take control. Maxey led the team with 33 points, Embiid scored 27, and the balanced attack neutralized Toronto's defense, allowing Philadelphia to split the two-game series. The stretch underscored how the Sixers' rhythm depends on the cohesion of their stars and the ability of role players to consistently contribute.

Looking ahead, a homestand that begins Jan. 14 against the Cleveland Cavaliers and continues through Jan. 21 will test whether Philadelphia can sustain this balance and solidify its position in the Eastern Conference standings.

### Flyers: Mixed results highlight depth challenges

For the Flyers, early January brought a blend of competitiveness and setbacks. Philadelphia opened the week with a 5–2 win over the Anaheim Ducks on Jan. 7, featuring two goals from Trevor Zegras and contributions from Cam York and Travis Sanheim. That energy carried into Jan. 8, but the Flyers fell 2–1 in overtime to the Toronto Maple Leafs, with Scott Laughton scoring Philadelphia's lone goal in a tightly contested affair.

The weekend brought tougher results as the Tampa Bay Lightning swept a two-game series, winning 7–2 on Jan. 10 and 5–1 on Jan. 12, extending Tampa Bay's winning streak and exposing Philadelphia's ongoing scoring and defensive challenges. Christian Dvorak's goal in the latter game was a lone bright spot in a tough stretch that highlighted the need for more consistent production from the forward group.

Looking ahead, the Flyers return to a schedule that includes divisional matchups through Jan. 21, offering opportunities to stabilize results and strengthen depth ahead of a critical phase of the season.

### Looking ahead: Momentum and tests continue

As January progresses, the early part of 2026 is revealing not just talent but temperament across Philadelphia's major sports. The Eagles shift focus to offseason strategy and roster evaluation after their narrow playoff exit. The 76ers face a stretch of home games that will challenge their ability to balance star power with consistent execution. And the Flyers are working to arrest a skid and find sustainable scoring depth as they navigate a tightly packed Metropolitan Division.

In every sport, this part of the year tests how teams respond under pressure, manage adversity, and maintain consistency. For Philadelphia fans, the past week offered both cause for optimism and reminders of the challenges that lie ahead – setting the stage for a January that will continue to feel consequential and compelling.

## CHI KIM & Nina

Musician. Inventor. Professor. It's hard to describe Chi Kim or his profession in just one word. He's all of the above... as well as a husband, father, and Seeing Eye graduate.

Chi is an Associate Professor at Berklee College of Music in Boston, and Nina, a black Labrador/golden retriever cross, is Chi's second Seeing Eye dog. He was matched with Nina after the retirement of his first Seeing Eye dog, Paige, also a cross.

Paige is still part of the family, as shown in the photo that depicts the happy Kim family seated outdoors, with Chi; his wife, Tiffany, with 5-month-old, Sky; 5-year-old, Sunny; and poised beside Chi, the youthfully alert Nina and elder stateswoman Paige.

While each Seeing Eye dog has given Chi the independence and confidence he needed to pursue his very busy life, they have very different personalities. Paige was high-spirited – Chi laughingly refers to her as “Rampaige” – and gave Chi the self-assurance to travel on business to 10 countries. Nina is a more reserved professional, but playful at home with the kids. Which makes her a perfect fit.

“I usually see problems as challenges to solve, not struggles to endure,” Chi said.

## PPAWS - People & Puppies at Work for Sight

# "MEET THE PACK!"

  **A PURL-FECT ACT OF KINDNESS**  

Morristown's incredible The Morristown NJ Fiber Fairy's work is in full swing! They are an anonymous group who clothe the statues along the Morristown Green, including Buddy and Morris Frank, with winter accessories for anyone who may be in need.

Throughout the winter, you are likely to spot Morris and Buddy dressed in various warm weather garb, and we can't help but believe that both Morris and Buddy are incredibly happy to be party to these wonderful acts of kindness.

**Photo Description:** A German shepherd Seeing Eye dog wears his instructor's beanie as he sits beside the Morris Frank and Buddy statue near the Morristown Green. Morris is wearing a knit beanie and scarf, and Buddy has a scarf around her neck.

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye. Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. These volunteers nurture their puppy to accomplish its special destiny.

If you are interested in raising a puppy for The Seeing Eye, call Peter at (609)804-8774 or visit [seeingeye.org/raise](http://seeingeye.org/raise) for info.

While millions of sports enthusiasts will get ready to watch the 60th annual 'big game' on television, Jewish Family Service of Atlantic & Cape May Counties (JFS) will host its own Souper Bowl. To help combat food insecurity, JFS will collect canned and packaged soups for community members to enjoy during the cold winter months.

"At JFS, we are committed to meeting the needs of our community, especially by ensuring access to nutritious, hearty food," said Andrea Steinberg, JFS Chief Executive Officer. "The donated soups will make a meaningful difference for individuals and families who rely on our Margate pantry and food truck, the latter which serves residents of Atlantic City."

In 2025, JFS' pantry distributed more than 411,925 pounds of food including fresh fruits, vegetables, dairy, poultry, frozen, and non-perishable products to 13,435 adults, including 5,128 children. With the need for food and basic necessities continuing to escalate, JFS has become a 'go-to' pantry for residents.

The Souper Bowl collection encourages donors to drop-off hearty soups. Cans with pop-tops are appreciated and make for easy opening, especially for people with limited access to can openers.

Donations for the Souper Bowl will be accepted from January 23 through February 2 at JFS, located at 607 North Jerome Avenue in Margate. For info on donating or requesting food from the JFS Pantry, contact 609.822.1108 x170 or [jfspantry@jfsatlantic.org](mailto:jfspantry@jfsatlantic.org).

# HEALTHFUL LIVING

## A Weekly Guide to Health Awareness

### YOGA POSE OF THE WEEK - Head to Knee Pose (Janu Sirsasana)

Forward bends can be tricky for anyone with tight hamstrings. Janu Sirsasana is more accessible because you only stretch one leg at a time. You can also use a strap around your foot to help extend your reach.

### VITAMIN HIGHLIGHT - Zinc

Without it, you couldn't taste and smell. Your immune system needs it, and it helps cuts, scrapes, and sores heal. It may help you keep your sight as you get older. While you can get zinc from plant sources like sesame and pumpkin seeds, chickpeas, lentils, and cashews, it's easier for your body to absorb it from animal foods, such as oysters, beef, crab, lobster, and pork.
